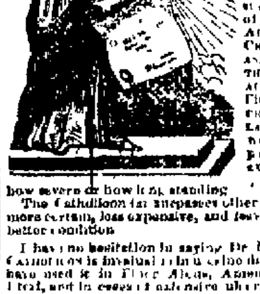
CELEBRATED CATHOLICON,

For the Relief and Cure of Suffering Females.



IT STANDS PRE eminent for its curative powers in all the diseases for which it is recommended, usually called

Female Complaints

Of these are Prolapsus Uteri, or Falling of the Womb; Fluor Albus, or Whites; Chronic Inflammation and Ulceration of the Womb; Incidental Hemorrhage, or Flooding; Painful, Suppressed and Irregular Menstruation, &c. with all their accompanying evils, (Cancer excepted) no matter how severe or how long standing.

The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition

I have no hesitation in saying Dr. Marchisi's Uterine Catholicon is invaluable in the diseases generally [illegible] I have used it in Fluor Albus, Amenorrhoea, Prolapsus Uteri, and in cases of extensive ulceration of the [illegible] and uterus. It is worthy of the notice of the faculty.

JOHN C ORRICK, M D,
Baltimore, Md

The Catholicon is doing a great deal here. All the patients that have tried it in my practice have been benefited but one—and that one nothing will help

Truly Yours
WM LAIRD HAZLETT, M D,

July 6th, 1854 New Philadelphia, Ohio

I must say, from my own experience and personal observation in my practice, it is the best remedy for the difficulties for which it is recommended, viz: that of female weakness and its Prolapsus Uteri, Fluor Albus and all irregular and painful menstruation, and diseases of that kind in the female organs

D Y FOOTE, M D,
Syracuse, N Y

Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof from the great respect the [illegible] together with letters from higher experienced Physicians who have used it in their practice, and speak from their own observation

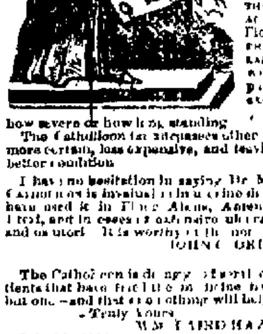
DR. J. B. MARCHISI'S

CELEBRATED CATHOLICON,

For the Relief and Cure of Suffering Females



IT STANDS PREeminent for its curative powers in all the diseases for which it is recommended usually called

Female Complaints

Of these are Prolapsus Uteri, or Falling of the Womb; Fluor Albus, or Whites; Chronic Inflammation and Ulceration of the Womb, Incidental Hæmorrhage, or Flooding; Painful, Suppressed and Irregular Menstruation, &c, with all their accompanying evils, (Cancer excepted) no matter how severe or how long standing

The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in a better condition

I have no hesitation in saying Dr. Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhœa, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the faculty,

JOHN C ORRICK, M D,

The Catholicon is doing a great deal here. All the patients that have tried the medicine have been benefited but one—and that one nothing will help

Truly Yours,
W. WARD HAZETT, M D,
July 6th, 1854 New Philadelphia, Ohio

I must say, from my own experience and personal observations in my practice, I have found it to be the best and safest remedy for the difficulties for which it is recommended, viz, that of female weakness and as Prolapsus Uteri, Fluor Albus and all irregular and painful menstruation, and diseases of particular female organs

D. Y. FOOTE, M. D.,

Those needing this remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof, from the most respectable sources, of the beneficial results of its use, together with letters from highly experienced Physicians who have used it in their practice, and speak from their own observation

EDITORIAL CORRESPONDENCE OF THE SENTINEL

Madison Jan 17, 1855

We have a beautiful sunshine this morning [no]t a cloud visible in all the sky, and the air [clear] and bracing. The sun causes rapidly up beyond Third Lake and his beams bid fair to destroy the very small modicum of sleighing which the [illegible] has given us.

I have not had time hitherto to say anything [of] this beautiful Capital town and its improvements during the past year. The change is remarked by every one and is especially remarkable to those of us who come up once a year to look about us and note the noticeable things. In every direction new houses are visible, many of them of a superior class. Particularly is improvement visible in the vicinity of the M & M R R Depot, on the road leading northward by the 3d Lake, and westward towards the University. Around the depot are gathered a dozen warehouses, of various capacity, and two taverns and various saloons and dwellings make up a respectable village. New streets have been graded, and a mile or two of plank walks laid in different directions. Such of our 4th Ward aldermen, as are or have been here, (and Milwaukee is amazingly well represented) may take example from the Madison fathers, and speedily mend their ways and place the sidewalks leading down Second St. to the M & M R R Depot in repair. Its condition is scandalous to a decent and well behaved community, and a reproach to the city in the eyes of strangers.

In Senate this morning, considerable business was transacted.

The following bills were introduced:

By Mr. Eldridge, amending charter of Fond du Lac. Mr. B[illegible] appropriating $947 89 to [illegible] Lewis for services as acting Governor when Gov. Barstow was at Washington (a given out by his organs to "give Noonan a turn"). Mr. Taylor amending chapter 89 R. S. Mr. Joy charter of Howard & Oconto Plank road. Mr. Kelsey one for a ferry charter, and two memorials for mail routes. Mr. Gibson 4 for state roads and charter of Monteville and Black River R R Co. Mr. Paddock, charter of Salem Academy.

I sent this noon a memorandum of the principal business transacted. The minority report of Mr. Clement, on the subject of ordering large numbers of copies of the Message &c. in English and in foreign languages, was a very able one, taking the ground that the order was improper, being unconstitutional in part and entirely useless, inasmuch as the Message will have been read by all who care to read it long before the copies ordered can reach them. I learn that there was some disposition to order a moderate number of copies in foreign languages by dividing the number ordered between the Republican and Hunker papers in those languages, but a leading democrat declared that he should oppose the whole thing if any copies were to be ordered of the Republican papers. After having been once tabled, the subject was again taken up and numerous motions and amendments tried, but nothing came of them except the ordering of 2000 copies of the Message and the Senate adjourned, leaving other things in statu quo. You will notice the very large number (5000 copies) of the Message proposed to be ordered. Mr. Clement's Report alluded to the impropriety of one House ordering an unlimited amount of expense, for which the other would have to aid in appropriating money.

In Assembly the following bills were introduced:

By P. H. Smith, for repeal of act organizing Oconto Co. for judicial purposes.

By Mr. Bennett, vacating part of plat of Manitowoc.

By Mr. Ebbetts, to pay J. S. Sherwood $8295 00 for iron furnished for the State Prison. (I just note these bills as they come along, re[mem]ber being the large appropriation of last winter.)

By Mr. Vilas concerning School districts in Madison.

By Mr. Virgin, amending charter of Platteville.

By Mr. Whirry amending Sec 36 Chap 15 R S.

And the memorial by Mr. Virgin to the state of Georgia alluded to yesterday. A resolution concerning the proper entitling of bills to amend the statutes was adopted.

Then came the subject of the day in the shape of a resolution by Dr. Cary, of Sheboygan Co. calling for a Report from the Judiciary Committee upon the expediency of prohibiting the use of the jails and prisons of this state, and aid by state officers in confining fugitive slaves, and persons convicted under the Fugitive Slave Law.

Mr. Hull's righteous Hunker soul was vexed thereat, and he moved to refer it (the resolution —not his soul) to a select committee of 5, which was lost, 29 to 44. (Here Mr. Martin moved a resolution enquiring into the circumstances of the sale of school lands in Brown Co., also one of enquiry as to the necessity of legislation in regard to the sale of liquor to the Indians, both were adopted.) Then Mr. Colley moved the adoption of Dr. Cary's resolution.

Mr. Hull moved the indefinite postponement of the subject, and called for the ayes and noes, muttering distinct thunders about withdrawing from the Judiciary Committee, of which he is a member, if any such business should be sent to it. The roll was called, with the following result, (Republicans in italics, Democrats in Roman, Independents in small caps.)

Ayes—Blazer, Bond, Boyd, *Cole*, Cross, Downs, EASTMAN, Ebbetts, Fahay, Gibb, Gore, Grillo, *Hollenbeck*, Hull, Johnson, Lewis, MARTIN, *McIndoe*, Moscowitz, O'Neil, Pinney, Rille, Rood, Ryan, SCHWEPPE, B., Smith, P. H., Smith, Stevens, Thompson, White—30

Noes—*Adams*, *Allen*, *Baris*, *Bennett*, *Cary*, *Chase*, *Colley*, *Davis*, DELANY, DeWolf, *Field*, *Fisher*, *Fisher*, *Guy*, *Goodrich*, *Goodall*, *H. Grant*, *B. Grant*, *Cann*, *Harrington*, *H[illegible]*, *Howard*, *Isham*, *Judson*, *Kirkpatrick*, *Lee*, [illegible] *Merrill*, *Parker*, *Pratt*, Randall, [illegible], [illegible] *Sherman*, *A.* [illegible], [illegible], Van [illegible], Vilas, *Virgin*, *Vliet*, *Wakely*, [illegible], Whirry, *Williston*, *Stiles* (speaker)—49

Mr. Stevens moved to table the resolution—lost. Mr. Hull moved to postpone it for one week, saying that he was "in for a day's fight upon it, and the previous question might be called if any one chose." His motion failed 33 to 45. Mr. Ebbetts moved to amend by sending the enquiry to a select committee of 5, lost, 31 to 41. He then moved to postpone it till next Tuesday, and upon this motion a discussion sprung up. Mr. Ebbetts thought it beneath the dignity of this State to try to repeal a law of Congress in this manner. Judge Vilas said that he voted No because he was in favor of allowing members to have the inquiry made by the Judiciary Committee, if they wished. Mr. Stevens said that he had been sent here as an anti-Nebraska democrat, but he thought the course proposed a ridiculous one—nothing but nullification in fact.

Mr. Hull repeated his willingness to occupy the day in defeating the resolution. It was nothing but referring it to a Committee of this House to provide for nullifying an act of Congress. He thought it very inconsistent for members who accused others of violating a law of the State in declining to go into the election of U. S. Senator, to be so ready themselves to nullify an act of Congress. He expressed his approval of the doctrine of squatter sovereignty, and asked—"What has this State to do with Slavery?" He said that the agitation of the question had brought the Republican majority into this Hall and he desired to allay the agitation and let the new party resolve itself into its original elements so that the Democracy could again be in a majority. In conclusion he said that "he would not use any factious opposition; he would only use up the day in the fight."

Mr. Randall said that the principle involved was not properly at issue now, but would be if the Jud'y Committee should report favorably. The cry came up from the South and was re-echoed here—LET US ALONE! He thought the cry should be sent back to the South to LET US ALONE! There was no law of the U. S. which gave to the federal government the use of our jails. On page 723 of the Statutes is the only law which authorizes such a use of them. The object of repealing that statute would be to divest our state of all connection with slavery, so that our officers should be rid of the odious duty of aiding in chasing fugitives and in carrying out an arbitrary statute which carries with it no moral obligation. The course taken by the U. S. Court in this state was such that there was no safety to any citizen, nor will there be, so long as that Court persists in its course. The first great right of man is personal liberty, a right as long and broad and deep as the length and breadth and depth of humanity itself, and no man could be properly deprived of that right without being first convicted legally.

Here the morning hour expired, and the subject went over being left in a good position.

The bill amending the charter of the Portage City and Lake Superior R. R. passed.

The bill chartering the Hesperian Society of the University coming up, it was sent to the judiciary Committee on motion of Mr. Martin, who wished an enquiry into the propriety of authorizing minors to hold real estate, &c.

Mr. Hull introduced a resolution calling for enquiry as to the business of the Lunatic Asylum. He said that he voted for the law of last winter, but he did not anticipate that an expense of $100 000 should be entailed upon the State by it, and it was far better that the contract should be abrogated than that that expense should be thrown upon the State. Several amendments were made to the resolution, and it was adopted. Information is very much desired upon three points, viz: Was the appointment of the Commissioners legal, two of them being Senators?—How many bids were there for the contract? and what will the contract cost the State, if completed?

On motion of Mr. Stevens, a resolution was adopted asking for information as to the disposition of the school money of La Crosse. The House then adjourned to 3 P. M., but on assembling immediately adjourned again, there being nothing to do.

You have noticed the introduction of resolutions in both Houses, instructing our Congressmen to oppose any alteration of the naturalization laws. The object is to raise a smoke about the question of U. S. Senator, but it will fail.

Still another thing will be noticed—the attempt boldly made to convict the Republican Assembly of defeating the object of their own Joint resolution (to go into the election of U. S. Senator on Monday at 2 P. M.) by adjourning themselves from noon of that day to 10 A. M. of the next day. It is a false accusation entirely. The Senate took that Joint resolution on Monday morning, and laid it on the table, and then, lest the majority should be obliged to record themselves a third time against it, they, at 11 A. M., adjourned over to the next day. This was known in the Assembly, and that body adjourned over, after getting through with its morning's work.—When the Assembly adjourned, the Senate had been adjourned for an hour. The people cannot be humbugged by any such dust thrown in their eyes.

The Money Panic at St. Louis.

Last Saturday was a hard day at St. Louis.—The suspension of Messrs. Page & Bacon, and of Loker, Renwick & Co. caused an immense run upon most of the other private bankers of the city and also upon the Bank of Missouri.

The Democrat & Republican of Monday, describe the excitement as intense, the principal run being upon

The Bank of Missouri,
The Boatman's Saving Institution,
Messrs. Lucas & Simmonds, Private Bankers,
" L. A. Benoist & Co. "

A dense crowd, says the *Democrat*, was at the counter of these institutions and private bankers *all day*, and as fast as tellers could perform their duties—coin was exchanged for checks—none faltered—none trembled, for both institutions and bankers felt conscious of their strength.

The papers of Monday morning, contain the following card, which was well calculated to allay the panic, as no doubt it did.

To the Public.

The undersigned *knowing* and *relying* on the *ample ability* of the following Banking Houses in the city of St. Louis and with a view of quieting the public mind in regard to the safety of deposits made with them hereby pledge themselves and offer as a guarantee *their property* to make good all deposits with either of said Banking Houses, to wit:—Messrs. 'Lucas & Simmonds,' 'Bogy, Miltenberger & Co.,' 'Tessen & Danjen,' 'L. A. Benoist & Co.' 'John I. Anderson & Co.' 'Darby & Barksdale,' and Boatmen's Savings Institution.'

J. O'Fallon,	Ed. Walsh,
Louis A. Labeaume,	J. B. Brant,
L. M. Kennett,	D. A. January,
John How,	James Harrison,
Andrew Christy,	Charles P. Chouteau.

These are among the wealthiest men of St. Louis—the *Republican* estimating their joint possessions at *eight millions of dollars*—and it is more than probable that their timely and public spirited movement saved St. Louis from the evils of a general money panic and suspension of specie payments.

DENIAL.—The *Sentinel* denies that it published the message in advance of its delivery last year. We made the statement from our recollection of what was rumored at the time and have no personal knowledge of the facts. If it did not, this explanation is due it.—[Madison Democrat.

We should think so! As to the intimations of the *Argus* that we have some personal reasons for attacking the Governor's Message, they are just as unfounded as its statement, now admitted to be *false*, that we published the document last year in advance of its delivery at Madison. We have judged and spoken of the message upon its merits, or rather, its *de*-merits.

WESTERN R. R. BONDS.—At Mr. Nicolay's Auction Sale in Wall Street, on Saturday last, 13th instant, we note the following:

$7 000 LaCrosse & Milwaukee R. R. 8 ₩ ct bonds, 81
10 000 Columbus & Indiana R. R. 7 " " 72
500 Chicago & Miss. R. R. 7 ₩ ct 2d mortgage, 55

Our Wisconsin bonds rule higher in Wall St. than those of any other unfinished Western Rail Road. And well they may, for no other Western roads will pay as well as those built within the Badger State.

RATHER AWKWARD.—The members of the North Carolina Legislature—a lively set of blades, they are, generally—were enjoying a holiday on the 2d instant at Wilmington, where there was to be a great ball to their honor in the evening. To pass the day pleasantly, they made an excursion to see the ocean, but on their return towards evening the steamboat was caught in a fog, got fast aground on a mud bank, and could get no further. They were obliged to stay [illegible] they had the music through the night, and [illegible] with them kept that also away from the ball, and thus spoiled the affair for all concerned.

A Peep into Sebastopol.

The correspondent of the *Morning Herald*, writing from the camp, on the 7th, thus describes the appearance of the town of Sebastopol and the condition of the Russian defences, as viewed from the Ovens.

Sebastopol is *not* in ruins and what is more important still, the defences are four times stronger and more vigorous than the first day we opened fire. I know this statement may make my letters unpopular with a certain set, who will see nothing but victories and causes for gratulation in all we do, but nevertheless, it is only the truth and I am confident that time will vindicate my assertion even in the eyes of the public.

To satisfy myself on this point beyond all possibility of doubt, I yesterday determined to visit the "ovens," our most advanced picquet post within 200 yards of the Russian batteries, and close overlooking the town and harbor. It is perfectly easy to approach this place now, for a covered way has been constructed to it and both sides have, comparatively speaking, ceased firing for some time. I, therefore, got to the ovens easily, and lying under shelter of a broken wall was enabled, with my glass, to survey the whole town minutely.

I confess I never saw the town under such favorable circumstances. Except now and then from an occasional Russian gun there was no smoke and the sky being lowering and heavy, objects could be distinguished with unusual clearness. At the first glance I was led to suppose that the town had in reality been much injured, for all the little huts and storehouses connected with the dockyards were indeed in ruins. But, changing my *point de vue* for one more lofty I was soon convinced of my mistake.

The real damage inflicted on the town of Sebastopol amounts to this. All the huts used by the dock yard laborers and the Turkish parts of the town *outside the walls*, are nearly destroyed—that is laid almost level with the earth. This quarter appears to be the only dirty and wretched part of Sebastopol—something of the same kind as our Ratcliff-highway. The walls are here and there marked with shot, but most unquestionably as defences, they are still uninjured.

One large barrack inside the walls, against which our fire, as against a Government building has been particularly directed is riddled in every part, and most of its roof destroyed.—The same is the case with about sixty or seventy of the houses nearest to the walls, but beyond this nothing has been done. Had any of the principal mansions more to the centre of the town been injured, it would be easily seen as most of them are detached, and all are white as snow, and instantly show a shot-mark. The splendid structure which we call the "Parthenon"—the Government House—and indeed, nineteen twentieths of the buildings, show no trace of injury.

The streets which I could see, and which of course, were those nearest to our batteries, were all in a most enviable state of cleanliness and good order. In these were numerous bodies of troops lounging about unconcernedly with their muskets piled upon the pathways. Many civilians passed constantly to and fro and now and then an ammunition wagon, but I saw no trace of either women or children, or other vehicles of the ordinary description.

Once during the time I was watching, three carts laden either with sick or wounded—most probably the former—passed towards the north side of the town. None of the Russians appeared to take the least notice of their suffering comrades, so from that one may not unreasonably argue that they have got used to death and misery as ourselves.

The only incident that appeared to move these "Muscovs" was the passage along the streets of an officer evidently of high rank, when they all instantly stood to their arms and beat their drums while he passed, just as the French salute their generals. Who he was of course I was unable even to guess, but he certainly displayed a considerable amount of courage and coolness, as a few minutes after I saw him *riding* from battery to battery attended by five or six officers on foot.

Near the walls on the south are the ruins of some large building, which has evidently been burnt. This is the hospital in which so many of the Russian wounded unfortunately perished.—Two or three more buildings near the dockyards are also blackened by fire as if they had been "gutted," but the walls were too thick to permit the conflagration extending. Most of the houses in the Crimea—even peasants' cabins—are built with stone, and of extraordinary thickness, for the purpose of resisting the tremendous gales which sweep this part of the world in the winter. So much for the aspect of the town.

Of the earthworks around Sebastopol it is more difficult to speak with accuracy. So numerous are these defences that of them it is quite impossible to gain at once a near and extensive view.—As far as I can judge from traversing nearly two thirds of the Allied lines, the enemy's batteries appeared generally in good working order.—Only in one or two instances were their embrasures masked—that is closed up when a gun is dismounted—and these maskings I was informed by our officers, would be merely temporary, as the enemy always manage to replace their artillery in twelve or fifteen hours. I myself have seen them do so within three.

The whole of the enemy's batteries are now protected by a deep ditch in front, with regular *abattis* and rows of stockades and *chevaux de frise*. From this fact alone it is evident that they are guarding against and therefore, fear an assault. But it is principally of the north side that I wish to speak. I was told before I set out upon my survey that I should be astonished at the immensity of the Russian batteries reaching from the head of the harbor to the east, right round to Star Fort and St. Severina on the north, and all of which had only been unmasked two days previous.

I knew something of the nature of Russian works and the energy of Russian perseverance, but still the tremendous extent of new redoubts and batteries which I then saw thrown up all around the city did indeed, astonish me. Every space from the circular earthwork and martello tower, (the latter now a mere pile of rubbish,) round to the sea near Cape Constantine, is one long line of redoubts, and batteries. Malta, Gibraltar, or the lines of Chatham—all in one, would be far more vulnerable than these formidable entrenchments, covered with infantry, pits, and deep ditches in front, and protected by scarped banks, stockades, and masses of cannon. I have seen many of what are called first-class fortresses, but the present aspect of Sebastopol might vie with any.

That which struck me more than all was a certain coxcombry of finish about these works which I have never yet seen attempted elsewhere—no, not even in the elaborate redoubts of Chobham ridges. Every bastion was lined with stone, every embrasure perfect, every angle and scarp smoothed off with beautiful regularity, and as if the whole was rather an architectural embellishment than one of the most formidable kinds of defence known to modern warfare.

It will scarcely be credited, but inside these lines were regular footpaths and made roads, covered with gravel and loose stones and laid out with as much neatness as if intended to pass through private gardens. I could hardly believe my eyes when these latter adornments were pointed out to me, but there they were sure enough. It must have taken the enemy nearly as much time to make them as the batteries, and as a matter of course, beyond the mere effect of bravado—such as it is—they are utterly useless. Yet, useless as they are they have been made as it to show us how little the progress of our siege employs or impedes their numerous garrison.

Your readers may, perhaps, ask how is it that all those works have been erected within the last few days. But such is the case only with three or four to the extreme north. Nearly all the rest have been finished since we first opened fire, and though the batteries have been known to exist there throughout, yet as the embrasures were always masked, no one knew where the guns were, or how to distinguish real batteries from breastworks.

On our extreme left the French push the enemy closely. They have not lately advanced their works but the third parallel is still within 280 yards of the Russian batteries and only 400 or 500 yards from the houses outside the walls. This part of the town opposed to the French is certainly more injured than on our side—of course, because of their being nearer their and guns have longer range. The mud fort, which, at the commencement of the siege, mounted nearly forty guns, is now almost untenable and rarely fires. The Quarantine Fort of stone, is nearly ruined, and is certain to be completely destroyed the instant we resume our fire, but the Flag staff earthwork, which did the French so much injury, is still, I regret to say, almost as strong as ever. However, with regard to this latter opponent our allies speak most confidently of being able to dispose of it.

CHEERING TO FARMERS.—Wheat is now selling in this village for one dollar per bushel and upwards, with a fair prospect of a considerable further advance. Pork is also coming up as will be seen by our market quotations.—[Beaver Dam Rep.

We can record more cheering news than the above. Mr. Wm. Birge, proprietor of the Whitewater Mills in this village, bought 866 bushels of wheat last week for which he paid $1 40 per bushel. We understand that he has been paying that price for first quality wheat for some time. As long as such care is taken in the selection of wheat, we do not wonder that "Birge's best" is well known and commands a good price in the New York City, and other markets.—[Whitewater Gazette.

WORK FOR THE GLAZIERS.—The windows of the stores in front of the Baker House look as though a severe hail storm had visited them on Saturday last. On inquiry however, we learned that champagne preceded the storm, and we have no doubt but that *real* pain [illegible] The glass broken must have cost the [illegible] lower [illegible] parties upwards of $40.—[Racine Advocate.

CITY MATTERS.

Police Court—Jan. 18.

BEFORE CLINTON WALWORTH ESQ. POLICE JUSTICE.

There was nothing done in the Police Court—not even a warrant issued and not an application made for one: a healthy and quiet state of things in a city of 35 000 inhabitants, *two thirds* of whom are of foreign birth or parentage. But four warrants for crimes have been issued this week and one of those was against a man *from Chicago*.

THE LECTURE TO NIGHT.—Should the evening be pleasant, we expect to see Young's Hall filled after the last winter's suit to hear STARR KING, to-night, and that the treasury of our Association will reap a substantial benefit from his lecture.—Perhaps no New-England lecturer, at this time, is regarded with more popular favor at home than Mr. King and the announcement of his name is sure to draw a crowded house. We believe that this is his first western tour. He lectured in Chicago last night and is to be in Rockford to-morrow evening.

Quarter past eight is the time this evening.

MUSICAL SOCIETY BALL.—This entertainment was certainly one of the most elegant and successful we have ever seen in our city. Young's Hall was handsomely decorated for the occasion, the floor was crowded with well-dressed and good looking ladies and gentlemen, the music was capital and the Polkas, Waltzes, &c., performed by the orchestra of the Musical Society, under the lead of Mr. BALATKA were bewitching to hear. Capt. MILLER provided a sumptuous and handsomely served supper. Indeed everything was of the best, and the Ball was unanimously *encored*.

ETNA INSURANCE CO., HARTFORD.—This old Company, the "sheet anchor" of insurers everywhere, has recently increased its Capital to *half a million* of dollars. A very full and satisfactory statement of its affairs will be found in our advertising columns. The Etna has done, for many years past, a very large business and has fairly earned, what it so fully enjoys, the confidence of the public. Their agent here is Mr. WM. J. WHALING, in No. 9, Martin's Block, who is prompt, accommodating and experienced in his business.

THE MISSING MAN CARROLL.—But little was brought to light yesterday about the missing man, Caroll. We saw yesterday Mr. Handly, an intimate friend of Carroll, who informed us that he tracked the blood on the sidewalk to near the Rochester House, and there was unable to track it further. It also appears now that one of the men employed by Mr. Haley, in dumping dirt below the Rochester House, saw blood on the dirt on Friday morning, but paid no attention to it, thinking it was one of the horses having cut his foot. There was a rumor afloat yesterday, that Carroll had funds in his possession, belonging to the R. R. Co. and had left, taking the money with him. But this is not the case, as we are assured that he has at present nineteen hundred dollars in the bank of his own and it is believed that he had between two and three hundred dollars with him on Thursday night. The heap of dirt will be thoroughly searched to day to find the body if possible. The friends of Carroll feel satisfied that he has been killed and his body made away with. Application was made yesterday to the Police Justice for a search warrant to search the house in which it is claimed Carroll was beaten. The applicant was referred to the District Attorney.

House of Refuge Bill.

We understand that a gentleman in this city is drawing up a Bill for the establishment of a House of Refuge in Milwaukee, and, that the members from this city will do all in their power to effect its passage we have no doubt. The news a few days since from Madison, showed that Mr. McGarry the Senator from this County had asked leave to introduce the Memorial of the County Board of Supervisors, praying for the passage of a Bill enabling them to erect a House of Refuge. We were informed some time ago that the Common Council would likewise petition the Legislature on the same subject. We hope that another year will see a House of this kind built in the city, and that for the young criminal, for the first offence, the Legislature of the State will have taken some steps to arrest him from a course of crime, that he may have an opportunity to reform, and that old and young criminals, repentant and hardened debtors and murderers shall no longer be herded together in one building, or in one room, like sheep in a fold, or beeves in a slaughter house.

U. S. DISTRICT COURT.

JUDGE MILLER, PRESIDING.

January 18, 1855.

Nelson Dewey vs. Garret V. Denniston et al. Geo. W. Lakin, complainant's solicitor. Decree for foreclosure of mortgage for $25 775 00.

James T. Hayward, et vs. Jon. Van Eps, et al. Finch & Lynde complainant's solicitors. Downer & Arnold defendant's solicitors. Bill taken as confessed as to Huldah Van Eps.

Thedore B. Sterling vs Charles J. Woolson. Billinghurst, Finch & Lynde, complainant's solicitors. Buttrick, & Buttler, Emmons & Van Dyke, defendant's solicitors.—Argument of cause commenced.

☞ Messrs. CHANDLER & JENNINGS invite attention to a superior lot of embroideries just received from the East, and offer their goods at unusually low prices. See their advertisement.

SPEAK FOR YOURSELF.—The *Wisconsin* very complacently contrasts its course and opinions with those of the *Sentinel* and *Free Democrat* on the Slavery question, and arrives at the following conclusion:

Our object is to restrict the extension of Slavery, *their's* appears to be to fight it where it now exists. While respecting their motives we have the right to ask the same respect for our own—particularly as we have nothing to ask from any government official in the land.

If the *Wisconsin* desires its "motives" to be respected, it must cease to misrepresent, as it does constantly and deliberately, the views and motives of its opponents. The *Sentinel* has never proposed to interfere with Slavery in the States "where it now exists," and has always resisted its "extension."

THE PRESIDENT'S MESSAGE.—The *Sentinel* is inclined to be querulous because the *News* has given the President an opportunity to state, through its columns, the reasons that induced him to veto the River and Harbor Bill.—[News.

A great mistake! The *Sentinel* thinks that the columns of the *News* are legitimately and we dare say profitably employed in publishing the Veto Message and other documentary defences of the Federal Administration.

THE CAPITAL OF IOWA.—The Dubuque *Herald* states that the Senate of Iowa, by a vote of 19 to 12, has passed an act for the removal of the Capitol from Iowa City to Fort des Moines. The *Herald* anticipates the concurrence of the House in this measure.

A GOOD YIELD OF HOPS.—Not for the purpose of encouraging the manufacture of Beer, but to satisfy those who suppose that Northern Wisconsin is too far north, we would call attention to the Hop Yard of Mr. Allen of Bell Prairie, distant some eight or ten miles from Neenah. Mr. A. has cultivated the hop for two or three years and is prepared the next season to embark in it somewhat extensively. His crop the last season from five acres of ground, was over 6000 lbs. which at 30 cents per lb., would amount to $1,800! As the price was nearer forty, than thirty cents in the market, it counts up to nearly $400 per acre!—[Appleton Crescent.

REPUBLICAN REFORM.—The Republican caucus of members at Madison have adopted, a resolution against the practice of taking newspapers at the expence of State!! Good!—[Grant Co. Herald.

☞ The Niles *Republican* learns that Messrs. Ransom & Dodge, bankers of Kalamazoo, closed their doors on Wednesday last. This will of course, affect the issues of the Kalamazoo Bank of Indiana, which is owned by them.

STRONG TALK!—The Grant Co. *Herald*, in calling attention to a racy letter from a Madison correspondent, improves the occasion to speak thus:

We have sworn before the Eternal however never to support a fugitive slave law, doughfaced demagogue for any office if we know him to be such, and in this agree with our more than half right minded correspondent. In this respect then we intend to use our mite of the popular power given to each elector towards voting down into political obscurity every man who raised the black flag of negrodom since the day Douglas & Co. snatched away the Missouri Compromise. Every particle of machinery operated by the slave power in the north and in the Territories, whether it originated in heaven or earth—in Congress or out of it, is forever damned with us, and we expect to do our part towards its demolition. We hate slavery extension with its ceaseless disturbances and brutal amalgamations,—hating, we shall never cease opposing nigger catching and all laws sanctioning it and its spread upon free territory. As to Judge Miller, we do not feel towards him as our correspondent does. By his efforts to enforce the nigger law the people are led to see the black bullginery at work, to see is to condemn, so we think he is doing a good work.—Tetzel worked destruction to indulgences and the inquisition by trying to uphold them. We pray for a long life and the success of a Tetzel to Judge Miller, though our correspondent seems to desire no good for him. We see nothing to regret much to applaud in the Judge, because an army of martyrs to freedom are rising, under his pious work, who will never stop preaching condemnation and repeal of the famous nigger inquisition. He is doing more to set the people of Wisconsin right than all the abolitionist, hunkers and whigs of the State ever did or can. May God speed his work!

A DREADFUL CALAMITY AT FORT WASHINGTON.—The residence of Mr. John Appleton Haven at Fort Washington, (ten miles from the New York City Hall, known as "Waldenfield,") was totally destroyed by fire at four o'clock this morning.—Three daughters, Mary, Sarah and Grace Havens lost their lives. One perished in the flames, and two were suffocated.

The family had retired to rest about eleven o'clock last night, in good health. The young ladies slept on the second floor, and the first intimation they had that the house was on fire was by the smoke entering their apartment.

The two who were smothered had made their escape from the building, but afterwards returned to it again, it is said to get some clothing. They were in their night dress and fell upon the floor, insensible from the effects of the smoke.

While the house was burning some of the neighbors entered the upper story and saw the two ladies lying on the floor. They instantly picked them up and rushed out of the house, but it was too late—they were past recovery. Although their pulses beat, they died soon after being taken into the open air.

The other daughter was not recovered. It is supposed that she was suffocated and burned with the house. The neighbors succeeded in rescuing Annie and taking her from the building alive, though nearly suffocated. By the application of suitable remedies she was restored.

The bodies of the two suffocated young ladies were taken to the neighboring house of Mr. Hopkins, treasurer of the Hudson River Railroad, and a son-in-law of Mr. Haven. The remains of the daughter who was burned to death had not been got out of the ruins up to twelve o'clock to-day.

The fire occured in the kitchen, and is supposed to have originated through the carelessness of the servants who had been up to a late hour. It is also supposed that the house had been on fire an hour before it was discovered. The servants it is alleged, fled from the building soon after the fire broke out, without giving any alarm to the house.

The fog was very thick at the time and the light of the fire could not be seen at a very great distance.

Mr. Haven's house was an irregular structure, built of wood about one hundred and forty-five feet front and forty feet deep. It was situated on an eminence at a distance of a quarter of a mile from the Hudson river. The house and furniture, all of which were consumed, were valued at twenty thousand dollars. Mr. Havens was insured in various offices in this city.—[N. Y. Eve. Post, 13th.

OHIO AND MISSISSIPPI RAILROAD.—We are apprehensive of some trouble, as there will certainly be considerable disappointment and dissatisfaction along the line of the Western Division of the O. and M. Railroad when the news is received that Page & Bacon have been compelled to suspend. They were the Bankers furnishing the contractors, Sauger, Camp & Co., with means.—The estimates of the last month, and extra work and all were due last Friday and amounted to about $53 000. It was not paid.

The above estimate, and one other of about $35 000, is the entire sum ($88 000) that would have been required to complete the Ohio and Mississippi road to Vincennes. And there it will connect at once with roads direct to New York, Baltimore, Cincinnati, &c. If completed this Western Division of O. and M. Road would now be earning $3 000 a day.

We hope some special arrangement will be made to keep the men at work.—[St. Louis Intelligencer, Jan. 15.

SAD ACCIDENT.—On Saturday last while temporarily engaged in attending the Lath Mill on the lower Water Power, Mr. Asa W. Johnson, the youngest son of Judge Wm. Johnson, of this Village, was struck in the pit of the stomach by a bolt which was accidentaly thrown from the machine with such force as almost to deprive him of consciousness. In a short time he recovered sufficiently to walk up to his father's, and it was supposed he had sustained no material injury, and would soon recover.—Sad to tell, after several severe spasmodic attacks, he expired early the next morning.

The diseased was a young man of great promise—a universal favorite in this community, and in addition to an aged father and mother, and several brothers and their families, he leaves a large circle of fellow students and acquaintances who will sincerely mourn his loss.—[Appleton Crescent.

FARWELL'S MILL.—This extensive Flouring Mill has recently been sold to Mr. F. Briggs, of Rochester, N. Y. for the snug sum of $29 000. It is located at the outlet of lake Mendota, which affords a power sufficient to grind 2 000 bushels of wheat per day, and is the finest piece of property in the vicinity of Madison.—[Madison Argus.

LARGE PORK.—Whitewater Ahead—Mr. Willard Stebbins of this place, lately sold to Hall & Co., a lot of 10 hogs, raised by himself, the aggregate weight of which was 1,414 pounds. Average, 441. The heaviest one weighing 579 lbs. Who beats Whitewater?—[Whitewater Gazette.

KILLED.—As the freight train, going east this morning, was crossing the bridge, the Locomotive knocked off an Irishman who standing near the track. His skull was broken, killing him instantly. We did not learn his name.—[Madison Argus, 17.

STATE OF CONNECTICUT, } ss. Hartford, January, 1855.
Hartford County, }

Personally appeared THOMAS A. ALEXANDER, Secretary of the Ætna Insurance Company, and made oath that the foregoing statement, by him subscribed, is true according to his best knowledge and belief.

HENRY FOWLER, Justice of the Peace.

All that have property to insure, will please inspect and scrutinize the preceeding reliable expose of this old and long tried Corporation. For usefulness, security and promptitude, it has ever stood first in its line of transactions—and for ability and means will attract the attention of the insuring public to confirm their confidence in it. The statement is so prepared any one can contrast its condition with local and State Insurance offices. If so disposed its investments are of that solid character as not to be materially affected by the late depression in that class of assets.

The increase of its capital stock to $500 000 is a bona fide investment for the pledge and security of its policies. The necessity and real benefits of insurance are well exemplified in the fact the company has paid cash losses during the past year at its Western Branch office alone in Cincinnati, to the sum of $246 509 08, most of which has been paid considerably in advance of the time legally due, and it has had no suit or litigation. [illegible] all or any of these facts are inducements to the continuance of its valuable patronage or its increase, they will find its agents ever ready to attend to the demands or business here [illegible] with promptitude at as favorable rates and terms as security will permit.

A WONDERFUL DISCOVERY has recently been made by Dr. Curtis, of this city, in the treatment of Consumption, Asthma and all diseases of the lungs. We refer to "Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which he has innumerable certificates. Speaking of the treatment a physician remarks:—It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the aerial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion. The Hygeana is for sale at all the druggists throughout the country.—New York Dutchman, Jan. 1855.

EDITORIAL CORRESPONDENCE OF THE SENTINEL

Madison Jan 17, 1855

We have a beautiful sunshine this morning not a cloud visible in all the sky, and the air [illegible] and bracing The sun came [illegible] up beyond Third Lake and his beams bid fair to destroy the very small modicum of sleighing which the storm has given us

I have not had time hitherto to say anything of this beautiful Capital town and its improvements during the past year The change is to be marked by every one and is especially remarkable to those of us who come up once a year to look about us and note the noticeable things In every direction new houses are visible many of them of a superior class Particularly is improvement visible in the vicinity of the M & M R R Depot, on the road leading northward by the 3d Lake, and westward towards the University Around the depot are gathered a dozen warehouses, of various capacity and two taverns and various saloons and dwellings make up a respectable village New streets have been graded, and a mile or two of plank walks laid in different directions Such of our 4th Ward aldermen, as are or have been here, (and Milwaukee is amazingly well represented) may take example from the Madison fathers, and speedily mend their ways and place the sidewalks leading down Second St to the M & M R R Depot in repair Its condition is scandalous to a decent and well behaved community, and a reproach to the city in the eyes of strangers.

In Senate this morning, considerable business was transacted

The following bills were introduced

By Mr Eldridge, amending charter of Fond du Lac Mr B[illegible] appropriating $947 89 to Lt Gov Lewis for services as acting Governor when Gov Barstow was at Washington (a given out by his organs to "give Noonan a turn") Mr Taylor amending chapter 89 R S Mr Foy charter of Howard & Oconto Plank road Mr Kelsey one for a ferry charter, and two memorials for mail routes Mr Gibson 4 for state roads and charter of Montville and Black River R R Co Mr Paddock, charter of Salem Academy

I sent this noon a memorandum of the principal business transacted The minority report of Mr Clement, on the subject of ordering large numbers of copies of the Message &c in English and in foreign languages was a very able one, taking the ground that the order was improper being unconstitutional in part and entirely useless inasmuch as the Message will have been read by all who care to read it long before the copies ordered can reach them I learn that there was some disposition to order a moderate number of copies in foreign languages by dividing the number ordered between the Republican and Hunker papers in those languages but a leading democrat declared that he should oppose the whole thing if any copies were to be ordered of the Republican papers After having been once tabled, the subject was again taken up and numerous motions and amendments tried but nothing came of them except the ordering of 2000 copies of the Message and the Senate adjourned having other things in *statu quo* You will notice the very large number (5000 copies) of the Message proposed to be ordered Mr Clement's Report alluded to the impropriety of one House ordering an unlimited amount of expense, for which the other would have to aid in appropriating money

In Assembly the following bills were introduced

By P H Smith, for repeal of act organizing Oconto Co for judicial purposes

By Mr Bennett, vacating part of plat of Manitowoc

By Mr Ebbetts, to pay J S Sherwood $8295 80 for iron furnished for the state Prison (I just note these bills as they come along remember being the large appropriation of last winter)

By Mr Vilas concerning School districts in Madison

By Mr Virgin, amending charter of Platteville

By, Mr Whirry amending Sec 56 Chap 15 R S

And the memorial by Mr Virgin to the state of Georgia alluded to yesterday A resolution concerning the proper entitling of bills to amend the statutes was adopted

Then came *the* subject of the day in the shape of a resolution by Dr Cary, of Sheboygan Co calling for a Report from the Judiciary Committee upon the expediency of prohibiting the use of the jails and prisons of this state, and aid by state officers in confining fugitive slaves, and persons convicted under the Fugitive Slave Law

Mr Hull's righteous Hunker soul was vexed thereat, and he moved to refer it (the resolution—not his soul) to a select committee of 5, which was lost, 29 to 44 (Here Mr Martin moved a resolution enquiring into the circumstances of the sale of school lands in Brown Co, also one of enquiry as to the necessity of legislation in regard to the sale of liquor to the Indians both were adopted) Then Mr Colley moved the adoption of Dr Cary's resolution

Mr Hull moved the indefinite postponement of the subject, and called for the *ayes* and *noes*, muttering distinct thunders about withdrawing from the Judiciary Committee, of which he is a member, if any such business should be sent to it The roll was called, with the following result, (Republicans in italics, Democrats in Roman, Independents in small caps)

Ayes Blaser, Bond, Boyd, *Cole* Cross, Downs, East[illegible] Ebbetts Fahey, Gibb, [illegible] Griffin *Hollenbeck* Hull, Juneau Lewis, Martin, *McIndoe* Mascowitz O N[illegible] [illegible] Rood, Ryan Schwerer, B, Smith P H Smith Stevens Thompson, Wh[illegible]—50

Noes—*Adams Allen Barns Bennett Cary, Chase Colley Davis* Delaney DeWolf *Field* [illegible] *Fisher Gray Goodrich Goodell H Grant B Grant* [illegible] [illegible] *Howard Isham, Judson Kirkpatrick, Lee* [illegible] *Merrill Parker Pratt* Randall [illegible] *Sherman A Taylor* [illegible] *Vilas, Virgin* [illegible] Whirry, *Williston S* [illegible] (speaker)—49

Mr Stevens moved to table the resolution—*lost* Mr Hull moved to postpone it for one week saying that he was "in for a day's fight upon it, and the previous question might be called if any one chose" His motion failed 39 to 45 Mr Ebbetts moved to amend by sending the enquiry to a select committee of 5, lost, 31 to 4[illegible] He then moved to postpone it till next Tuesday and upon this motion a discussion sprung up Mr Ebbetts thought it beneath the dignity of this State to try to repeal a law of Congress in this manner Judge Vilas said that he voted No because he was in favor of allowing members to have the inquiry made by the Judiciary Committee, if they wished Mr Stevens said that he had been sent here as an anti-Nebraska democrat but he thought the course proposed a ridiculous one—nothing but nullification in fact

Mr Hull repeated his willingness to occupy the day in defeating the resolution It was nothing but referring it to a Committee of this House to provide for nullifying an act of Congress He thought it very inconsistent for members who accused others of violating a law of the State in declining to go into the election of U S Senator, to be so ready themselves to nullify an act of Congress He expressed his approval of the doctrine of squatter sovereignty, and asked—"What has this State to do with Slavery?" He said that the agitation of the question had brought the Republican majority into this Hall and he desired to allay the agitation and let the new party resolve itself into its original elements so that the Democracy could again be in a majority In conclusion he said that "he would not use any factious opposition he would only *wage it to-day* in the fight"

Mr Randall said that the principle involved was not properly at issue now, but would be if the Jud'y Committee should report favorably The cry came up from the South and was re-echoed here—LET US ALONE! He thought the cry should be sent back *to* the South to LET US ALONE! There was no law of the U S which gave to the federal government the use of our jails On page 753 of the Statutes is the only law which authorizes such a use of them The object of repealing that statute would be to divest our state of all connection with slavery, so that our officers should be rid of the odious duty of aiding in chasing fugitives and in carrying out an arbitrary statute which carries with it no moral obligation. The course taken by the U S Court in this state was such that there was no safety to any citizen, nor will there be, so long as that Court persists in its course The first great right of man is personal liberty, a right as long and broad and deep as the length and breadth and depth of humanity itself, and no man could be properly deprived of that right without being first convicted legally

Here the morning hour expired, and the subject went over being left in a good position

The bill amending the charter of the Portage City and Lake Superior R R *passed*

The bill chartering the Hesperian Society of the University coming up, it was sent to the judiciary Committee on motion of Mr Martin, who wished an enquiry into the propriety of authorizing minors to hold real estate, &c

Mr Hull introduced a resolution calling for enquiry as to the business of the Lunatic Asylum. He said that he voted for the law of last winter, but he did not anticipate that an expense of $100 000 should be entailed upon the State by it and it was far better that the contract should be abrogated than that that expense should be thrown upon the State Several amendments were made to the resolution, and it was adopted Information is very much desired upon three points, viz Was the appointment of the Commissioners legal, two of them being Senators?—How many bids were there for the contract? and what will the contract cost the State, if completed?

On motion of Mr Stevens, a resolution was adopted asking for information as to the disposition of the school money of La Crosse The House then adjourned to 3 P M, but on assembling immediately adjourned again, there being nothing to do

You have noticed the introduction of resolutions in both Houses, instructing our Congressmen to oppose any alteration of the naturalization laws The object is to raise a smoke about the question of U S Senator, but it will fail

Still another thing will be noticed—the attempt boldly made to convict the Republican Assembly of defeating the object of their own Joint resolution (to go into the election of U S Senator on Monday at 2 P M) by adjourning themselves from noon of that day to 10 A M of the next day It is a *false* accusation entirely The Senate took that Joint resolution on Monday morning, and laid it on the table, and then, lest the majority should be obliged to record themselves a third time against it, they, at 11 A M, adjourned over to the next day This was known in the Assembly, and that body adjourned over after getting through with its morning's work—When the Assembly adjourned, the Senate had been adjourned for an hour The people cannot be humbugged by any such dust thrown in their eyes W H W

Legislative Abstract—Proceedings of Yesterday Morning

The Money Panic at St. Louis.

Last Saturday was a hard day at St Louis—The suspension of Messrs Page & Bacon, and of Loker, Renwick & Co caused an immense run upon most of the other private bankers of the city and also upon the Bank of Missouri

The *Democrat & Republican* of Monday, describe the excitement as intense, the principal run being upon

The Bank of Missouri,
The Boatman's Saving Institution,
Messrs Lucas & Simmonds, Private Bankers,
" L A Benoist & Co "

A *dense crowd*, says the *Democrat*, was at the counter of these institutions and private bankers *all day*, and as fast as tellers could perform their duties—coin was exchanged for checks—none faltered—none trembled, for both institutions and bankers felt conscious of their strength

The papers of Monday morning, contain the following card, which was well calculated to allay the panic, as no doubt it did

To the Public.

The undersigned *knowing* and *relying* on the *ample ability* of the following Banking Houses in the city of St Louis and with a view of quieting the public mind in regard to the safety of deposits made with them hereby pledge themselves and offer as a guarantee *their property* to make good all deposits with either of said Banking Houses to wit—Messrs 'Lucas & Simmonds' 'Bogy, Miltenberger & Co,' 'Tesson & Danjen,' 'L A Benoist & Co' John I Anderson & Co' 'Darby & Barksdale," and Boatmen's Savings Institution'

J O'Fallon
Louis A Labeaume,
L M Kennett,
John How
Andrew Christy
Ed Walsh,
J B Brant,
D A January,
James Harrison,
Charles P Chouteau

These are among the wealthiest men of St Louis—the *Republican* estimating their joint possessions at *eight millions of dollars*—and it is more than probable that their timely and public spirited movement saved St Louis from the evils of a general money panic and suspension of specie payments

DENIAL—The *Sentinel* denies that it published the message in advance of its delivery last year We made the statement from our recollection of what was rumored at the time and have no personal knowledge of the facts. If it did not, this explanation is due it—[Madison Democrat

We should think so! As to the intimations of the *Argus* that we have some personal reasons for attacking the Governor's Message, they are just as unfounded as its statement, now admitted to be *false* that we published the document last year in advance of its delivery at Madison We have judged and spoken of the message upon its merits or rather, its *de*-merits

WESTERN R R BONDS—At Mr Nicolay's Auction Sale in Wall Street, on Saturday last, 13th instant, we note the following

$[illegible] La Crosse & Milwaukee R R 8 ℘ ct bonds, 81 [illegible]
10 000 Columbus & Indiana R R 7 " " 73
500 Chicago & Miss, R R 7 ℘ ct 2d mortgage, 65

Our Wisconsin bonds rule higher in Wall St. than those of any other unfinished Western Rail Road And well they may for no other Western roads will pay as well as those built within the Badger State

RATHER AWKWARD—The members of the North Carolina Legislature—a lively set of blades, they are, generally—were enjoying a holiday on the 2d instant at Wilmington, where there was to be a great ball to their honor in the evening To pass the day pleasantly, they made an excursion to see the ocean, but on their return towards evening the steamboat was caught in a fog, got fast aground on a mud bank, and could get no further They were obliged to stay [illegible] as they had the music through the night, and [illegible] with them kept that also away from the ball, and thus spoiled the affair for all concerned.

A Peep into Sebastopol.

The correspondent of the *Morning Herald* writing from the camp, on the 7th, thus describes the appearance of the town of Sebastopol and the condition of the Russian defences as viewed from the Ovens

Sebastopol is *not* in ruins and what is more important still, the defences are four times stronger and more vigorous than the first day we opened fire I know this statement may make my letters unpopular with a certain set, who will see nothing but victories and causes for gratulation in all we do, but nevertheless, it is only the truth and I am confident that time will vindicate my assertion even in the eyes of the public

To satisfy myself on this point beyond all possibility of doubt, I yesterday determined to visit the "ovens" our most advanced picquet post within 200 yards of the Russian batteries, and close overlooking the town and harbor It is perfectly easy to approach this place now, for a covered way has been constructed to it and both sides have, comparatively speaking, ceased firing for some time I therefore, got to the ovens easily and lying under shelter of a broken wall was enabled, with my glass, to survey the whole town minutely

I confess I never saw the town under such favorable circumstances Except now and then from an occasional Russian gun there was no smoke and the sky being lowering and heavy, objects could be distinguished with unusual clearness At the first glance I was led to suppose that the town had in reality been much injured, for all the little huts and storehouses connected with the dockyards were indeed in ruins But, changing my *point de vue* for one more lofty I was soon convinced of my mistake

The real damage inflicted on the town of Sebastopol amounts to this All the huts used by the dock yard laborers and the Turkish parts of the town *outside the walls*, are nearly destroyed—that is laid almost level with the earth This quarter appears to be the only dirty and wretched part of Sebastopol—something of the same kind as our Ratcliff-highway The walls are here and there marked with shot, but most unquestionably as defences, they are still uninjured

One large barrack inside the walls, against which our fire, as against a Government building has been particularly directed is riddled in every part, and most of its roof destroyed—The same is the case with about sixty or seventy of the houses nearest to the walls but beyond this nothing has been done Had any of the principal mansions more to the centre of the town been injured, it would be easily seen as most of them are detached, and all are white as snow, and instantly show a shot-mark The splendid structure which we call the "Parthenon"—the Government House—and indeed, nineteen twentieths of the buildings, show no trace of injury

The streets which I could see, and which of course, were those nearest to our batteries, were all in a most enviable state of cleanliness and good order. In these were numerous bodies of troops lounging about unconcernedly with their muskets piled upon the pathways Many civilians passed constantly to and fro and now and then an ammunition wagon, but I saw no trace of either women or children, or other vehicles of the ordinary description

Once during the time I was watching, three carts laden either with sick or wounded—most probably the former—passed towards the north side of the town None of the Russians appeared to take the least notice of their suffering comrades, so from that one may not unreasonably argue that they have got as used to death and misery as ourselves.

The only incident that appeared to move these "Muscovs" was the passage along the streets of an officer evidently of high rank when they all instantly stood to their arms and beat their drums while he passed, just as the French salute their generals Who he was of course I was unable even to guess, but he certainly displayed a considerable amount of courage and coolness as a few minutes after I saw him *riding* from battery to battery attended by five or six officers on foot.

Near the walls on the south are the ruins of some large building which has evidently been burnt This is the hospital in which so many of the Russian wounded unfortunately perished—Two or three more buildings near the dockyards are also blackened by fire as if they had been "gutted" but the walls were too thick to permit the conflagration extending Most of the houses in the Crimea—even peasants' cabins—are built with stone, and of extraordinary thickness, for the purpose of resisting the tremendous gales which sweep this part of the world in the winter So much for the aspect of the town

Of the earthworks around Sebastopol it is more difficult to speak with accuracy So numerous are these defences that of them it is quite impossible to gain at once a near and extensive view,—As far as I can judge from traversing nearly two thirds of the Allied lines, the enemy's batteries appeared generally in good working order—Only in one or two instances were their embrasures masked—that is closed up when a gun is dismounted—and these maskings I was informed by our officers, would be merely temporary, as the enemy always manage to replace their artillery in twelve or fifteen hours I myself have seen them do so within three

The whole of the enemy's batteries are now protected by a deep ditch in front, with regular *abattis* and rows of stockades and *chevaux de frise* From this fact alone it is evident that they are guarding against and therefore, fear an assault But it is principally of the north side that I wish to speak I was told before I set out upon my survey that I should be astonished at the immensity of the Russian batteries reaching from the head of the harbor to the east, right round to Star Fort and St Severina on the north, and all of which had only been unmasked two days previous

I knew something of the nature of Russian works and the energy of Russian perseverance, but still the tremendous extent of new redoubts and batteries which I then saw thrown up all around the city did indeed, astonish me Every space from the circular earthwork and martello tower, (the latter now a mere pile of rubbish,) round to the sea near Cape Constantine, is one long line of redoubts, and batteries. Malta, Gibraltar, or the lines of Chatham—all in one, would be far more vulnerable than these formidable entrenchments, covered with infantry, pits, and deep ditches in front, and protected by scarped banks, stockades, and masses of cannon. I have seen many of what are called first-class fortresses, but the present aspect of Sebastopol might vie with any

That which struck me more than all was a certain coxcombry of finish about these works which I have never yet seen attempted elsewhere—no, not even in the elaborate redoubts of Chobham ridges. Every bastion was lined with stone, every embrasure perfect, every angle and scarp smoothed off with beautiful regularity and as if the whole was rather an architectural embellishment than one of the most formidable kinds of defence known to modern warfare

It will scarcely be credited, but inside these lines were regular footpaths and made roads, covered with gravel and loose stones and laid out with as much neatness as if intended to pass through private gardens I could hardly believe my eyes when these latter adornments were pointed out to me, but there they were sure enough It must have taken the enemy nearly as much time to make them as the batteries, and as a matter of course, beyond the mere effect of bravado—such as it is—they are utterly useless Yet, useless as they are they have been made as if to show us how little the progress of our siege employs or impedes their numerous garrison

Your readers may, perhaps, ask how is it that all these works have been erected within the last few days. But such is the case only with three or four to the extreme north Nearly all the rest have been finished since we first opened fire, and though the batteries have been known to exist there throughout yet as the embrasures were always masked, no one knew where the guns were, or how to distinguish real batteries from breastworks

On our extreme left the French push the enemy closely They have not lately advanced their works but the third parallel is still within 200 yards of the Russian batteries and only 400 or 500 yards from the houses outside the walls This part of the town opposed to the French is certainly more injured than on our side—of course, because of their being nearer them and guns have longer range The mud fort, which, at the commencement of the siege, mounted nearly forty guns, is now almost untenable and rarely fires The Quarantine Fort of stone, is nearly ruined, and is certain to be completely destroyed the instant we resume our fire, but the Flag staff earthwork, which did the French so much injury, is still, I regret to say, almost as strong as ever However, with regard to the latter opponent our allies speak most confidently of being able to dispose of it

CHEERING TO FARMERS—Wheat is now selling in this village for one dollar per bushel and upwards, with a fair prospect of a considerable further advance Pork is also coming up as will be seen by our market quotations—[Beaver Dam Rep

We can record more cheering news than the above Mr Wm. Birge, proprietor of the Whitewater Mills in this village, bought 866 bushels of wheat last week for which he paid $1 40 per bushel We understand that he has been paying that price for first quality wheat for some time As long as such care is taken in the selection of wheat, we do not wonder that '*Birge's best*' is well known and commands a good price in the New York City, and other markets—[Whitewater Gazette

WORK FOR THE GLAZIERS.—The windows of the stores in front of the Baker House look as though a severe hail storm had visited them on Saturday last On inquiry however, we learned that champagne preceded the storm, and we have no doubt but that *real* pain followed. The glass broken must have cost the parties upwards of $40.—[Racine Advocate,

CITY MATTERS.

Police Court—Jan. 18.

BEFORE CLINTON WALWORTH ESQ POLICE JUSTICE

There was nothing done in the Police Court—not even a warrant issued and not an application made for one a healthy and quiet state of things in a city of 35 000 inhabitants, *two thirds* of whom are of foreign birth or parentage But four warrants for crimes have been issued this week and one of those was against a man *from Chicago*

THE LECTURE TO NIGHT—Should the evening be pleasant, we expect to see Young's Hall filled after the last winter's suit to hear STARR KING, to-night, and that the treasury of our Association will reap a substantial benefit from his lecture—Perhaps no New-England lecturer, at this time, is regarded with more popular favor at home than Mr King and the announcement of his name is sure to draw a crowded house We believe that this is his first western tour He lectured in Chicago last night and is to be in Rockford to morrow evening

Quarter past eight is the time this evening

MUSICAL SOCIETY BALL—This entertainment was certainly one of the most elegant and successful we have ever seen in our city Young's Hall was handsomely decorated for the occasion, the floor was crowded with well-dressed and good looking ladies and gentlemen, the music was capital and the Polkas Waltzes, &c, performed by the orchestra of the Musical Society, under the lead of Mr BALATKA were bewitching to hear Capt MILLER provided a sumptuous and handsomely served supper Indeed everything was of the best, and the Ball was unanimously *encored*

ETNA INSURANCE CO, HARTFORD—This old Company, the "sheet anchor" of insurers everywhere, has recently increased its Capital to *half a million* of dollars A very full and satisfactory statement of its affairs will be found in our advertising columns The Etna has done, for many years past, a very large business and has fairly earned, what it so fully enjoys, the confidence of the public Their agent here is Mr WM J WHALING, in No 9, Martin's Block, who is prompt, accommodating and experienced in his business

THE MISSING MAN CARROLL—But little was brought to light yesterday about the missing man, Carroll We saw yesterday Mr. Handly, an intimate friend of Carroll, who informed us that he tracked the blood on the sidewalk to near the Rochester House, and there was unable to track it further It also appears now that one of the men employed by Mr Haley, in dumping dirt below the Rochester House saw blood on the dirt on Friday morning, but paid no attention to it thinking it was one of the horses having cut his foot There was a rumor afloat yesterday, that Carroll had funds in his possession, belonging to the R R Co and had left, taking the money with him, but this is not the case, as we are assured that he has at present nineteen hundred dollars in the bank of his own and it is believed that he had between two and three hundred dollars with him on Thursday night The heap of dirt will be thoroughly searched to day to find the body if possible The friends of Carroll feel satisfied that he has been killed and his body made away with Application was made yesterday to the Police Justice for a search warrant to search the house in which it is claimed Carroll was beaten The applicant was referred to the District Attorney

House of Refuge Bill

We understand that a gentleman in this city is drawing up a Bill for the establishment of a House of Refuge in Milwaukee and, that the members from this city will do all in their power to effect its passage we have no doubt Two news a few days since from Madison, showed that Mr McGarry the Senator from this County had asked leave to introduce the Memorial of the County Board of Supervisors, praying for the passage of a Bill enabling them to erect a House of Refuge We were informed some time ago that the Common Council would likewise petition the Legislature on the same subject We hope that another year will see a House of this kind built in the city, and that for the young criminal, for the first offence, the Legislature of the State will have taken some steps to arrest him from a course of crime, that he may have an opportunity to reform, and that old and young criminals—repentant and hardened debtors and murderers shall no longer be herded together in one building, or in one room, like sheep in a fold, or beeves in a slaughter house

SPEAK FOR YOURSELF—The *Wisconsin* very complacently contrasts its course and opinions with those of the *Sentinel* and *Free Democrat* on the Slavery question, and arrives at the following conclusion

Our object is to restrict the extension of Slavery, *their's* appears to be to fight it where it now exists While respecting their motives we have the right to ask the same respect for our own—particularly as we have nothing to ask from any government official in the land

If the *Wisconsin* desires its "motives" to be respected, it must cease to misrepresent, as it does constantly and deliberately, the views and motives of its opponents The *Sentinel* has never proposed to interfere with Slavery in the States "where it now exists," and has always resisted its "extension"

THE PRESIDENT'S MESSAGE—The *Sentinel* is inclined to be querulous because the *News* has given the President an opportunity to state, through its columns the reasons that induced him to veto the River and Harbor Bill—[News

A great mistake! The *Sentinel* thinks that the columns of the *News* are legitimately and we dare say profitably employed in publishing the Veto Message and other documentary defences of the Federal Administration

THE CAPITAL OF IOWA—The Dubuque *Herald* states that the Senate of Iowa, by a vote of 19 to 12, has passed an act for the removal of the Capitol from Iowa City to Fort des Moines The *Herald* anticipates the concurrence of the House in this measure

A GOOD YIELD OF HOPS—Not for the purpose of encouraging the manufacture of Beer, but to satisfy those who suppose that Northern Wisconsin is too far north, we would call attention to the Hop Yard of Mr Allen of Bell Prairie distant some eight or ten miles from Neenah Mr A has cultivated the hop for two or three years and is prepared the next season to embark in it somewhat extensively His crop the last season from five acres of ground, was over 6000 lbs. which at 30 cents per lb, would amount to $1,800! As the price was nearer *forty*, than thirty cents in the market, it counts up to nearly $400 per acre!—[Appleton Crescent

REPUBLICAN REFORM—The Republican caucus of members at Madison have adopted, a resolution against the practice of taking newspapers at the expence of State!! Good!—[*Grant Co. Herald*

☞ The Niles *Republican* learns that Messrs. Ransom & Dodge, bankers of Kalamazoo, closed their doors on Wednesday last. This will of course, affect the issues of the Kalamazoo Bank of Indiana, which is owned by them.

STRONG TALK!—The Grant Co. *Herald*, in calling attention to a racy letter from a Madison correspondent, improves the occasion to speak thus

We have sworn before the Eternal however never to support a fugitive slave law, doughfaced demagogue for any office if we know him to be such and in this agree with our more than half right minded correspondent In this respect then we intend to use our mite of the popular power given to each elector towards voting down into political obscurity every man who raised the black flag of negrodom since the day Douglas & Co. snatched away the Missouri Compromise Every particle of machinery operated by the slave power *in the north and in the Territories*, whether it originated in heaven or earth—in Congress or out of it, is forever damned with us, and we expect to do our part towards its demolition We hate slavery extension with its ceaseless disturbances and brutal amalgamations,—hating, we shall never cease opposing nigger catching and all laws sanctioning it and its spread upon free territory As to Judge Miller, we do not feel towards him as our correspondent does by his efforts to enforce the *nigger* law the people are led to see the black bullginery at work, to see is to condemn so we think he is doing a good work,—Tetzel worked destruction to indulgences and the inquisition by trying to uphold them We pray for a long life and the success of a Tetzel to Judge Miller, though our correspondent seems to desire no good for him. We see nothing to regret much to applaud in the Judge, because an army of martyrs to freedom are rising, under his pious work who will never stop preaching condemnation and repeal of the famous nigger inquisition He is doing more to set the people of Wisconsin right than all the abolitionist, hunkers and whigs of the State ever did or can. May God speed his work!

A DREADFUL CALAMITY AT FORT WASHINGTON—The residence of Mr John Appleton Haven at Fort Washington, (ten miles from the New York City Hall, known as "Waldenfield,") was totally destroyed by fire at four o'clock this morning—Three daughters, Mary, Sarah and Grace Havens lost their lives. One perished in the flames, and two were suffocated.

The family had retired to rest about eleven o'clock last night, in good health The young ladies slept on the second floor, and the first intimation they had that the house was on fire was by the smoke entering their apartment.

The two who were smothered had made their escape from the building, but afterwards returned to it again, it is said to get some clothing. They were in their night dress and fell upon the floor, insensible from the effects of the smoke

While the house was burning some of the neighbors entered the upper story and saw the two ladies lying on the floor They instantly picked them up and rushed out of the house, but it was too late—they were past recovery Although their pulses beat, they died soon after being taken into the open air.

The other daughter was not recovered It is supposed that she was suffocated and burned with the house. The neighbors succeeded in rescuing Annie and taking her from the building alive, though nearly suffocated By the application of suitable remedies she was restored,

The bodies of the two suffocated young ladies were taken to the neighboring house of Mr Hopkins, treasurer of the Hudson River Railroad, and a son in-law of Mr. Haven The remains of the daughter who was burned to death had not been got out of the ruins up to twelve o'clock to-day

The fire occured in the kitchen, and is supposed to have originated through the carelessness of the servants who had been up to a late hour It is also supposed that the house had been on fire an hour before it was discovered The servants it is alleged, fled from the building soon after the fire broke out, without giving any alarm to the house

The fog was very thick at the time and the light of the fire could not be seen at a very great distance

Mr Haven's house was an irregular structure, built of wood about one hundred and forty-five feet front and forty feet deep It was situated on an eminence at a distance of a quarter of a mile from the Hudson river The house and furniture, all of which were consumed, were valued at twenty thousand dollars Mr Havens was insured in various offices in this city—[N Y Eve Post, 13th

OHIO AND MISSISSIPPI RAILROAD—We are apprehensive of some trouble, as there will certainly be considerable disappointment and dissatisfaction along the line of the Western Division of the O and M. Railroad when the news is received that Page & Bacon have been compelled to suspend They were the Bankers furnishing the contractors, Sauger, Camp & Co, with means—The estimates of the last month, and extra work and all were due last Friday and amounted to about $53 000 It was not paid

The above estimate, and one other of about $35 000, is the entire sum ($88 000) that would have been required to complete the Ohio and Mississippi road to Vincennes. And then it will connect at once with roads direct to New York, Baltimore, Cincinnati, &c If completed this Western Division of O and M Road would now be earning $3 000 a day

We hope some special arrangement will be made to keep the men at work—[St. Louis Intelligencer Jan 15

SAD ACCIDENT—On Saturday last while temporarily engaged in attending the Lath Mill on the lower Water Power Mr Asa W Johnson, the youngest son of Judge Wm Johnson, of this Village, was struck in the pit of the stomach by a bolt which was accidentally thrown from the machine with such force as almost to deprive him of consciousness In a short time he recovered sufficiently to walk up to his father's and it was supposed he had sustained no material injury, and would soon recover—Sad to tell, after several severe spasmodic attacks, he expired early the next morning

The deceased was a young man of great promise—a universal favorite, in this community, and in addition to an aged father and mother, and several brothers and their families, he leaves a large circle of fellow students and acquaintances who will sincerely mourn his loss—[Appleton Crescent

FARWELL'S MILL—This extensive Flouring Mill has recently been sold to Mr F. Briggs, of Rochester, N. NATIONAL LOAN FUND
LIFE ASSURANCE SOCIETY,
LONDON.

CAPITAL, - - - $2,500,000.
Guarantee Fund, $100,000, *Deposited with the Comptroller of the State of New York.*

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the System adopted by the Company, when they will be better able to decide whether Life assurance is desirable or not, and at what Office it is most advantageous to insure.

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible; and Life Insurance, while it in no way interferes with, or undervalues those important institutions, has claims which no other system of insurance can have. Human existence must, on consideration, enjoy a much higher estimate than worldly property.

While the representative of a family lives, (although, through neglect to insure his *property,* he becomes bankrupt,) he supports his family; but at his *death,* dies also their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment of which has not diminished his own worldly comforts during life.

At young, the annual payment will be light, and if insured with profits, the policy will be constantly growing more valuable, though the premium is not increased.

Clergymen and others who have a stated and regular income, *should insure,* well knowing that, at their death their families may be left destitute.

Men engaged in mercantile or manufacturing pursuits ever varying and uncertain in their issues, should insure.

The farmer who has still a mortgage on his farm, *should insure,* at least to the extent of it, thereby enabling his family to pay off the debt in case of his death.

TO THE PHYSICIANS OF THE WEST!
And to All who use Liquor as a Medicine or as a Beverage!

PHYSICIANS who prescribe Alcoholic Liquors for Medicinal purposes should give the preference to WOLFE'S SCHIEDAM AROMATIC SCHNAPPS.

1. It is manufactured in Schiedam, in Holland, and exclusively in the factory of the proprietor, by processes and from materials elsewhere unemployed and unknown.

2. It is proved, by the repeated analysis of several eminent Chemists, to be entirely free from the pernicious fusil oil which remains in every kind of liquor distilled from grain, and which is the cause of the nervous and visceral derangement, serious congestion, and morbid desire for habitual and intemperate indulgence, which such liquors invariably tend to superinduce.

3. It is proved by the same unerring tests that the Juniper Gin is not flavored with the coarse, acrid and indigestible oil of juniper heretofore used, but with the specifically lighter, more volatile, aromatic and medicinal oil of the two essential oils of the Italian juniper berry, neglected by every other manufacturer.

4. It is chemically proved to be absolutely pure in its rectification—a quality obtained by an entirely new process, and which no other Holland Gin in the world has acquired.

5. It is proved by extensive medical experience and testimony, to be an efficient as well as an agreeable remedy in many cases of incipient dropsy, gravel, chronic gout, rheumatism, flatulence, colic, concretions in the kidney, and bladder, dyspepsia, fever and ague, general debility sluggish circulation of the blood, deficient assimilation of food and exhausted vital energy.

6. It is a most grateful and renovating cordial, and when used as directed, never inflames the system or induces inebriety, but tends rather to subdue the latter frailty, by creating a dislike to all inferior liquors. And it invariably corrects the ill effects of bad water, whether in swampy or limestone districts. In all of these enumerated qualities it has no rival in any market in the world.

Since the introduction of this celebrated medicinal beverage into the United States, a number of Liquor Houses in New York and our other large cities have commenced counterfeiting it. The genuine is only sold in quart and pint bottles, handsomely wrapped in yellow paper, with my name on the bottle, cork and label. I would advise those who use it medicinally, to purchase by the bottle, as Bars and Hotels frequently fill my bottles with common Gin and sell it for the genuine. For sale by all the respectable Druggists in the United States.

Sole Manufacturer and Importer,
15, 20, and 22, Beaver-st., New York.

CITY LAND OFFICE.

A GRAND OPPORTUNITY, WHICH SELDOM OFFERS.

I HAVE FOR SALE, THE DWELLING HOUSE AND TWO LOTS, of A. W. HATCH, Esq., corner of Van Buren and Martin sts. The property is the most desirable and valuable in our city. The house is one of comfort and convenience. There are arrangements in this house that you will seldom find. The house, from the outward appearance, is frame; but in fact it is a brick house, and better than a brick; for it is all filled in with brick, and then lined upon the brick, and then weatherboarded. Twenty cords of wood will keep this house warm and comfortable through the winter, where it will take sixty cords to keep others comfortable. There are two parlors and four other rooms on the first floor, and five or six chambers in second story, together with woodhouse, barn, cistern, well, &c., &c.; and also a yard, filled with fruit trees and shrubbery.

The property is worth, and I could have sold it early last summer or fall, for ten or twelve thousand dollars; but it can now be purchased at a great bargain, and he who should be so lucky as to get it, will win a prize. It must and will be sold within the next ten days. All who have any offers to make, call on me and I will tell them the price and terms. jan17 CALEB WALL.

Progress of the Siege,
[REPORTED FOR THE SENTINEL.]

New York, Jan. 18.

The siege works at Sebastopol are advancing steadily, and the communication between the city and the Russian army in the field has been nearly cut off. Sorties are made every night by the Russians; but they are always repulsed with heavy loss. The Allies are strengthening their position, and will soon resume the offensive.—Their troops are in fine spirits and impatiently wait the signal for attack.

The Vienna conference did not amount to much. The Russian ambassador had no power to act, and after receiving views of England, France & Austria, he asked and obtained delay of 14 days to confer with his Government. There is a bare chance that these negotiations may lead to peace. Meantime hostilities will proceed. Prussia seems more inclined to join allies.

Nothing new from England. The London *Times* has caused considerable excitement by advocating, in the boldest manner, the immediate removal of Lord Raglan from his command, on the ground of incompetency. The *Times* is also vigorously writing down the Ministry and indicates the Marquis of Dalhousie as the man for Minister of War.

The Allies had on the 28th of December 8,000 guns in readiness to open fire upon Sebastopol and after a bombardment of the town for 48 hours, it was expected the place would be stormed from the south side.

COMMERCIAL.—Commercial advices are essentially the same as previously received by the Baltic. Breadstuffs are unchanged in value, but the markets are generally very quiet. Quotations were almost nominal. The Baltic's quotations are reported by the Canada. Provisions were active at previous prices.

London money market was unchanged, but Consols had still further declined and closed on Friday at 93¼ for money. American stocks State and Federal, are firm.

FRANCE.—Subscriptions to new loan is increasing rapidly. French Fleet ordered to assemble at Brest. Business in Paris active and accounts from different departments satisfactory.

RUSSIA.—An Imperial manifesto was issued on the 26th December, calling upon the Nation to make every sacrifice for the war. Additional forces are to be raised.

GERMANY.—The Bavarian army is now on a war footing. Prussia has forbidden exportation of horses, and the enlistment of Prussian soldiers in any foreign service.

SWITZERLAND.—The Federal Council, in reply to demand of British Charge, for permission to enlist Swiss troops, have *formally refused* the request, and declared their intention to maintain strict neutrality.

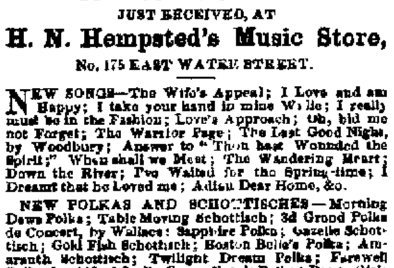
MISCELLANEOUS.



THE UNDERSIGNED WOULD RESPECTFULLY announce to the Public, that he has opened, on **Spring Street, Opposite the American House,** A NEW

PIANO FORTE WARE-ROOM!

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

Manufactured by GEORGE HEWS, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:

From the illustrious Pianist, L. M. GOTTSCHALK, to Mr Hews, Agent at New York:

NEW YORK, Dec. 5, 1853.

MR. N. J. CURTISS:—

Dear Sir. Having had the pleasure of performing upon Geo Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the scales.

Very Respectfully, L. M. GOTTSCHALK.

From the distinguished Pianist, WILLIAM MASON:

MR. HEWS:—Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte.

WILLIAM MASON.

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect.

☞ Pianos to Let. Old Pianos taken in exchange, and liberal prices allowed.

☞ Pianos Tuned and Repaired.

THE AMERICAN'S FRIEND!

HOLLOWAY'S PILLS.

To the Citizens of the United States.—

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York. THOMAS HOLLOWAY,

80, Corner of Ann and Nassau Streets, New York.

THE BLOOD, LIVER AND BILIOUS COMPLAINTS

The Citizens of the Union suffer much from disorders of the Liver and Stomach. The fair sex, perhaps, the most handsome in the World, at a certain period, lose their teeth and good looks while yet in the hey-day of life. These evils may be effectually remedied by continually keeping the blood pure and the Liver and Stomach in a healthy action, when life will flow smoothly. I say fearlessly, that health and life may be prolonged for years beyond the ordinary limits, if Holloway's Pills are taken to purify the blood, in accordance with the directions which accompany each Box.

CURE OF WEAKNESS & DEBILITY OF TEN YEARS STANDING.

Captain John Johnson, of Astor House, New York, suffered for ten years from a derangement of the Liver and Stomach, and was so reduced in strength that he never expected to go to sea any more, having tried every known remedy without deriving benefit. At last he had recourse to Holloway's Pills, which completely cured him, after using them for three months, and he now enjoys the soundest health.

These celebrated Pills are wonderfully efficacious in the following complaints:—

Ague	Dropsy	Liver Complaints	Secondary Symptoms
Asthma	Dysentery	Lumbago	Tic Douloureux
Bilious Complaints	Erysipelas	Piles	Tumours
Blotches on the Skin.	Female Irregularities	Rheumatism	Ulcers
Bowel Complaints	Fevers of all kinds	Retention of Urine	Venereal Affections
Colics	Fits	Scrofula, or King's Evil	Worms of all kinds
Constipation of the Bowels	Gout	Sore Throats	Weakness from whatever cause, &c.
Consumption	Head-ache	Stone and Gravel	
Debility	Indigestion		
	Inflammation		
	Jaundice

To be had Wholesale of the principal Drug Houses in the Union.

NATIONAL LOAN FUND LIFE ASSURANCE SOCIETY, LONDON.

CAPITAL, - - - $2,500,000.
Guarantee Fund, $100,000, Deposited with the Comptroller of the State of New York.

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the System adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is important to insure.

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible; and Life Insurance, while it in no way interferes with, or undervalues those important institutions, has claims which no other system of insurance can have. Human existence must, in consideration, enjoy a much higher estimate than merely property.

While the representative of a family lives, (although, he may neglect to insure his *property*, he becomes bankrupt,) he supports his family; but at his *death*, dies also their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment of which has not diminished his own worldly comfort during life.

At young, the annual payment will be light, and if insured with profits, the policy will be constantly growing more valuable, though the premium is not increased.

Clergymen and others who have a stated and regular income, should insure, well knowing that, at their death their families may be left destitute.

Men engaged in mercantile or manufacturing pursuits ever varying and uncertain in their issues, should insure.

The farmer who has still a mortgage on his farm, should insure, at least to the extent of it, thereby enabling his family to pay off the debt in case of his death.

TO THE PHYSICIANS OF THE WEST!
And to All who use Liquor as a Medicine or as a Beverage!

PHYSICIANS who prescribe Alcoholic Liquors for Medicinal purposes should give the preference to WOLFE'S SCHIEDAM AROMATIC SCHNAPPS.

1. It is manufactured in Schiedam, in Holland, and exclusively in the factory of the proprietor, by processes and from materials elsewhere unemployed and unknown.

2. It is proved, by the repeated analysis of several eminent Chemists, to be entirely free from the pernicious fusil oil which remains in every kind of liquor distilled from grain, and which is the cause of the nervous and visceral derangement, serious congestion, and morbid desire for habitual and intemperate indulgence, which such liquors invariably tend to superinduce.

3. It is proved by the same unerring tests that the Juniper Gin is not flavored with the coarse, acrid and indigestible oil of juniper heretofore used, but with the specifically lighter, more volatile, aromatic and medicinal of the two essential oils of the Italian juniper berry, neglected by every other manufacturer.

4. It is chemically proved to be absolutely pure in its rectification—a quality obtained by an entirely new process, and which no other Holland Gin in the world has acquired.

5. It is proved by extensive medical experience and testimony, to be an efficient as well as an agreeable remedy in many cases of incipient dropsy, gravel, chronic gout, rheumatism, flatulence, colic, concretions in the kidney, and bladder, dyspepsia, fever and ague, general debility sluggish circulation of the blood, deficient assimilation of food and exhausted vital energy.

6. It is a most grateful and renovating cordial, and when used as directed, never inflames the system or induces inebriety, but tends rather to subdue the latter frailty, by creating a dislike to all inferior liquors. And it invariably corrects the ill effects of bad water, whether in swampy or limestone districts. In all of these enumerated qualities it has no rival in any market in the world.

Since the introduction of this celebrated medicinal beverage into the United States, a number of Liquor Houses in New York and our other large cities have commenced counterfeiting it. The genuine is only sold in quart and pint bottles, handsomely wrapped in yellow paper, with my name on the bottle, cork and label. I would advise those who use it medicinally, to purchase by the bottle, as Bars and Hotels frequently fill my bottles with common Gin and sell it for the genuine. For sale by all the respectable Druggists in the United States.

Sole Manufacturer and Importer,
18, 20, and 22, Beaver-st., New York.

CITY LAND OFFICE.
A GRAND OPPORTUNITY, WHICH SELDOM OFFERS.

I HAVE FOR SALE, THE DWELLING HOUSE AND TWO LOTS, of A. W. HATCH, Esq., corner of Van Buren and Martin sts. This property is the most desirable and valuable in our city. The house is one of comfort and convenience. There are arrangements in this house that you will seldom find. The house, from the outward appearance, is frame; but in fact it is a brick house, and better than a brick; for it is all filled in with brick, and then lined upon the brick, and then weather-boarded. Twenty cords of wood will keep this house warm and comfortable through the winter, where it will take sixty cords to keep others comfortable. There are two parlors and four other rooms on the first floor, and five or six chambers in second story, together with wood-house, barn, cistern, well, &c., &c; and also a yard, filled with fruit trees and shrubbery.

The property is worth, and I could have sold it early last summer or fall, for ten or twelve thousand dollars; but it can now be purchased at a great bargain, and he who should be so lucky as to get it, will win a prize. It must and will be sold within the next ten days. All who have any offers to make, call on me and I will tell them the price and terms. jan17 CALEB WALL.

Progress of the Siege,
[REPORTED FOR THE SENTINEL.]

New York, Jan. 18.

The siege works at Sebastopol are advancing steadily, and the communication between the city and the Russian army in the field has been nearly cut off. Sorties are made every night by the Russians; but they are always repulsed with heavy loss. The Allies are strengthening their position, and will soon resume the offensive.—Their troops are in fine spirits and impatiently wait the signal for attack.

The Vienna conference did not amount to much. The Russian ambassador had no power to act, and after receiving views of England, France & Austria, he asked and obtained delay of 14 days to confer with his Government. There is a bare chance that these negotiations may lead to peace. Meantime hostilities will proceed. Prussia seems more inclined to join allies.

Nothing new from England. The London *Times* has caused considerable excitement by advocating, in the boldest manner, the immediate removal of Lord Raglan from his command, on the ground of incompetency. The *Times* is also vigorously writing down the Ministry and indicates the Marquis of Dalhousie as the man for Minister of War.

The Allies had on the 28th of December 8,000 guns in readiness to open fire upon Sebastopol and after a bombardment of the town for 48 hours, it was expected the place would be stormed from the south side.

COMMERCIAL.—Commercial advices are essentially the same as previously received by the Baltic. Breadstuffs are unchanged in value, but the markets are generally very quiet. Quotations were almost nominal. The Baltic's quotations are reported by the Canada. Provisions were active at previous prices.

London money market was unchanged, but Consols had still further declined and closed on Friday at 93⅛ for money. American stocks State and Federal, are firm.

FRANCE.—Subscriptions to new loan is increasing rapidly. French Fleet ordered to assemble at Brest. Business in Paris active and accounts from different departments satisfactory.

RUSSIA.—An Imperial manifesto was issued on the 26th December, calling upon the Nation to make every sacrifice for the war. Additional forces are to be raised.

GERMANY.—The Bavarian army is now on a war footing. Prussia has forbidden exportation of horses, and the enlistment of Prussian soldiers in any foreign service.

SWITZERLAND.—The Federal Council, in reply to demand of British Charge, for permission to enlist Swiss troops, have *formally refused* the request, and declared their intention to maintain strict neutrality.

A NEW

PIANO FORTE WARE-ROOM!

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

Manufactured by GEORGE HEWS, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:

From the illustrious Pianist, L. M. GOTTSCHALK, to Mr HEWS, Agent at New York:

NEW YORK, Dec. 5, 1843.

MR. N J CURTISS:—

Dear Sir. Having had the pleasure of performing upon Geo Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the scales.

Very Respectfully, L. M. GOTTSCHALK.

From the distinguished Pianist, WILLIAM MASON:

MR. HEWS:—Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte.

WILLIAM MASON.

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect.

☞ Pianos to Let. Old Pianos taken in exchange, and liberal prices allowed.

☞ Pianos Tuned and Repaired.

THE AMERICAN'S FRIEND!

HOLLOWAY'S PILLS.

To the Citizens of the United States.—

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York. THOMAS HOLLOWAY,

80, *Corner of Ann and Nassau Streets, New York.*

THE BLOOD, LIVER AND BILIOUS COMPLAINTS

The Citizens of the Union suffer much from disorders of the Liver and Stomach. The fair sex, perhaps, the most handsome in the World, at a certain period, lose their teeth and good looks while yet in the hey-day of life. These evils may be effectually remedied by continually keeping the blood pure and the Liver and Stomach in a healthy action, when life will flow smoothly. I say fearlessly, that health and life may be prolonged for years beyond the ordinary limits, if Holloway's Pills are taken to purify the blood, in accordance with the directions which accompany each Box.

CURE OF WEAKNESS & DEBILITY OF TEN YEARS STANDING.

Captain John Johnson, of Astor House, New York, suffered for ten years from a derangement of the Liver and Stomach, and was so reduced in strength that he never expected to go to sea any more, having tried every known remedy without deriving benefit. At last he had recourse to Holloway's Pills, which completely cured him, after using them for three months, and he now enjoys the soundest health.

These celebrated Pills are wonderfully efficacious in the following complaints:—

Ague
Asthma
Bilious Complaints
Blotches on the Skin
Bowel Complaints
Colics
Constipation of the Bowels
Consumption
Debility
Dropsy
Dysentery
Erysipelas
Female Irregularities

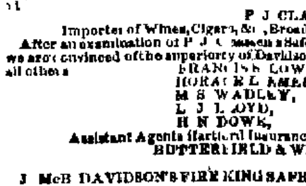
FireKing Safe, again Triumphant.



$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuable from Fire, whereas other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines &c.

ALBANY, July 27, 1852

This is to certify, that on the 23d day of July, 1852, our entire stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire, so rapid and so severe was the fire that we were unable to close our safe until Mr. Pohlman who jeopardized at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us suspect ... the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

ALBANY, Dec 19, 1852

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 4, single flange Safe, and that the same was subjected to a severe test on the 15th of December 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved. not a leaf of my books being scorched.

PATENT MEDICINES.

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence.

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories,
It is used expressly by all Express Companies
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed
The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment.

is the spontaneous advice of all

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown—thus performing a double office.

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammations, it is unrivalled in the power and efficacy of its operations.

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure.

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days and the worst cases can be cured in a few weeks at the farthermost. Persons afflicted with these diseases, should be careful in getting the right article to cure them.

Use it upon Your Horses,

for spavin, splint, ring bone, fistula, wind galls, big heads, bruises, strains, strings, ... sweeney, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll evil, &c.

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate in its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.

THERE is no Druggist or Country Store keeper
Who pretends to keep medicines at all,
But what keeps a constant supply of the
Mexican Mustang Liniment.

The small size retail for 25 cents per bottle,
The medium size retail for 50 cents per bottle,
The large size retail for one dollar per bottle
The medium hold three times as much as the small
The large holds nearly three times as much as the medium,
Therefore the largest bottles are the cheapest.

HOLLOWAY'S OINTMENT.

Citizens of the Union —

You have done me the honor, with one voice, from one end of the Union to the other to stamp the character of my Ointment with your approbation. It is scarcely two years since I made it known among you and already, it has obtained more celebrity than any other Medicine in so short a period. THOMAS HOLLOWAY,

CURE OF SORE LEGS, AFTER 9 YEARS STANDING

Mr. W. J. Langley, of Huntsville, Yadkin, North Carolina suffered for 9 years with one of the most painful and troublesome sore legs that ever fell to the lot of man and after trying every medicine he had ever heard of, he was about to give up all hope of being cured, when a friend brought him a couple of Pots of Holloway's Ointment, which caused the sores on his legs to heal and he entirely regained his health, to the astonishment of his acquaintances and friends.

CURE OF A BAD BREAST, WHEN THE PATIENT WAS AT DEATH'S DOOR

Mr. R. DURANT, of New Orleans, addressed Professor Holloway as follows:—"For 7 years my wife had a bad breast with ten running wounds, (not of a cancerous nature,) I was told that nothing could save her. She was thus induced to use your Ointment and Pills, which in the short space of three months, they effected a perfect cure, to the astonishment of all who knew us. We obtained your Medicines from Messrs. Wright & Co., of Chartres st., New Orleans. I send this from 'Hotel des Princes,' Paris, although I had written it at New Orleans, before we finally left, not knowing your address at New York.

Nov 9th, 18..3 (Signed) R. DURANT

The Pills should be used conjointly with the Ointment in most of the following cases —

Bad Legs	Contracted and	Lumbago	Sore throat
Bad Breasts	Stiff Joints	Piles	Skin diseases
Burns	Fistulas	Rheumatism	Scurvy
Bunions	Gout	Salt Rheum	Sore heads
Chilblains	Glandular	Scalds	Ulcers
Chapped hands	swellings	Sore nipples	Wounds

PATENT MEDICINES

MEDICATED INHALATION

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 26th, 1853

For about eight years I have been severely afflicted with the Asthma. For the last two years I have suffered beyond all my powers of description, months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec. 27th, 1853

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick, when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood, had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD

Sold by BOYD & PAUL, No. 40 Cortlandt street, C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person inclosing $3 to Boyd & Paul, or Chapin & Parsons, New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States, or four packages for $10. feb1 1yd&w

MEDICATED INHALATION!

CONSUMPTION CAN BE CURED, AS TREATED BY
DR. F. N. TRIST,
WITH HIS CELEBRATED
HYGEN & OXYGENIC VAPOR!

DR. TRIST, Graduate of the Royal College of Surgeons in London, and the recipient of diplomas from the Lying Institution of Edinburgh, and Hotel des Invalides of Paris, having settled permanently in New York for the practice of his profession, begs leave to suggest to the citizens of the United States that several years of study and successful experiments in England and Scotland, as well as other parts of Europe, with Consumption in all its forms, enable him to warrant, not only relief, but a complete cure to all those suffering with this great national disease.

Dr. TRIST deems it unprofessional to advertise, but others having represented themselves as the originators of the Inhalation Treatment, he would say to the afflicted that he alone is entitled to its first introduction, and would caution all against using the useless and dangerous compounds advertised by incompetent persons.

"Take up thy bed and walk."

Dr. TRIST would say to those interested, that he has had manufactured, for the use of his patrons, his "Patent Inhaling Tubes," through which the vapor is conveyed to the parts affected, and which he earnestly commends for the cheering results which have attended their use, and the fact that they may be used by the most feeble invalid without any unpleasant symptoms.

To those residing out of the city, Dr. Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars, and describing symptoms.

A cure is warranted in all stages of Consumption, Bronchitis, Asthma, and all other affections of the Throat, Lungs and Air Passages. In case of failure, the money will be returned.

HIGHLY IMPORTANT ANNOUNCEMENT.

To the Afflicted Everywhere,
DR. A. L. ADAMS' LIVER BALSAM COMES GREETING!

DR. A. L. ADAMS' NEW CURE FOR DISEASE is awakening the inquiry in the minds of all who read it. How is it that America has been so long and so lavishly nurtured in darkness and ignorance on the subject of disease.

DR. A. L. ADAMS' LIVER BALSAM.

This great Panacea of Disease is offered to the ... of the States and Territories for the entire cure of Liver Complaints in all stages, Billious Fever, Ague and Fever, Chronic Lung Fever, Dropsical Affections, Coughs, Consumption, Asthma, Jaundice, Bowel Complaints, Diarrhoea, Dysentery, Rheumatism, Piles, Scrofula, Salt Rheum, Dyspepsia, General Debility, Nervousness, Costiveness, Indigestion, Female Complaints, &c.

Dr. A. L. Adams' Liver Balsam now sustains the highest reputation of any remedy before the public and has proved to the most skeptical, beyond a shadow of doubt that it is the only reliable medicine ever discovered (being purely vegetable) for the permanent cure of the above disease. The most skeptical have become its most sanguine votaries, and pronounce the Liver Balsam to be the only reliable harbinger of health to the afflicted everywhere.

Testimonials come up from every track it has made, swollen with expressions of gratitude for the relief received by its use. And, in submitting this, the Liver Balsam is recommended to those suffering under the iron grasp of the monster disease, and at once procure one bottle of Dr. A. L. Adams' Liver Balsam.

The reader's attention is called to the perusal of the Medical Circular, which can be obtained of every agent throughout the United States, giving a clear epitome of the causes and cure of disease, also, of certificates of those who have tested its unparalleled ascendency over the diseases to which we are all subject.

FireKing Safe, again Triumphant.

$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuable from Fire, whereas other makers Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines &c.
ALBANY, July 27, 1852.

This is to certify, that on the 23d day of July, 1852, our entire stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire, so rapid and severe was the fire that we were unable to close one safe until Mr. Pohlman [illegible] ventured at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.
A. McCLURE & CO.
ALBANY, Dec. 19, 1852.

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 1, single flange 24th, and that the same was subjected to a severe test on the 18th of December 1851. After the fire was extinguished, its contents (books and papers) were examined, and found to be perfectly preserved, not a leaf of my books being scorched.
P. J. CLAASSEN,
Importer of Wines, Cigars, &c., Broadway, Albany.

After an examination of P. J. Claassen's Safe and papers, we are convinced of the superiority of Davidson's Safes over all others.

Raymond, Ward Co. will receive orders for Dep't [illegible] Fire and Thief Proof Bank and Vault Doors. dec18

This is to certify that on the 25th of September last we purchased of Mr. R[illegible] one of Mr. J. McB. Davidson's Fire Kings (No 4 Single Flange), that on the 14th of November past it was subjected to a very severe test in the burning of our warehouse, in which was stored a large quantity of whisky and other combustible materials. On opening the safe we found all our papers, consisting notes, letters and receipts, perfect and entirely legible.

PATENT MEDICINES.

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence.

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories,
It is used expressly by all Express Companies.
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed,
The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment.

is the spontaneous advice of all.

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown—thus performing a double office.

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammations, it is unrivalled in the power and efficacy of its operations.

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure.

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days, and the worst cases can be cured in a few weeks and the farthermost. Persons afflicted with these diseases, should be careful in getting the right article to cure them.

Use it upon Your Horses,

for spavin, splint, ring bone, fistula, wind galls, big heads, bruises, strains, string halt, scratches, cracked heels, sweeney, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll evil, &c.

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate in its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.

THERE is no Druggist or Country Store keeper
Who pretends to keep medicines at all,
But what keeps a constant supply of the
Mexican Mustang Liniment.
The small size retail for [illegible] cents per bottle,
The medium size retail for 50 cents per bottle,
The large sized retail for one dollar per bottle.
The medium hold three times as much as the small.
The large holds nearly three times as much as the medium,
Therefore the largest bottles are the cheapest.
GEO. W. WESTBROOK,
(successor to A. G. Bragg & Co.,)
Originator and Sole Proprietor.

Principal Offices, 304 Broadway, New York, and corner of Third and Market sts., St. Louis, Mo.

THE MUSTANG LINIMENT is sold at all of the Drug Stores in Milwaukee and by storekeepers and druggists generally all over the State of Wisconsin. Principal Wholesale Agents in Milwaukee—Lake & Hopkins, Seth Johnson, Jr., Bosworth & Son, H. Foss, Jr., and A. F. Clark. de 26 dwtf

Citizens of the Union.—

You have done me the honor [illegible] one voice, from one end of the Union to the other to stamp the character of my Ointment with your approbation. CURE OF SORE LEGS, AFTER 9 YEARS' STANDING.

Mr. W. J. Mr. R. She was then induced to use your Ointment and Pills, which in the short space of three months, they effected a perfect cure, to the astonishment of all who knew us. We obtained your Medicines from Messrs. Wright & Co.'s, Chartres st., New Orleans. I sent this from Hotel des Princes, Paris, although I had written it at New Orleans, before we finally left, not knowing your address at New York.
Nov 9th, 1853 (Signed) R. DURANT.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs	Contracted and	Lumbago	Sore throat

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20th, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

New York, Dec. 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick, when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood, had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD.

Sold by BOYD & PAUL, No. 40 Cortlandt street, C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person inclosing $3 to BOYD & PAUL, or CURTIS & PERKINS, New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States, or four packages for $10. [illegible]

MEDICATED INHALATION!

CONSUMPTION CAN BE CURED, AS TREATED BY

DR. F. N. TRIST,

WITH HIS CELEBRATED

HYGEN & OXYGENIC VAPOR!

DR. TRIST, Graduate of the Royal College of Surgeons in London, and the recipient of diplomas from the Lying Institution of Edinburgh, and Hotel des Invalides of Paris, having settled permanently in New York for the practice of his profession, begs leave to suggest to the citizens of the United States that several years of study and successful experiments in England and Scotland, as well as other parts of Europe, with Consumption in all its forms, enable him to warrant, not only relief, but a complete cure to all those suffering with this great national disease.

Dr. TRIST deems it unprofessional to advertise, but others having represented themselves as the originators of the Inhalation Treatment, he would say to the afflicted that he alone is entitled to its first introduction, and would caution all against using the useless and dangerous compounds advertised by incompetent persons.

"Take up thy bed and walk."

Dr. TRIST would say to those interested, that he has had manufactured, for the use of his patrons, his "Patent Inhaling Tubes," through which the vapor is conveyed to the parts affected, and which he earnestly commends for the cheering results which have attended their use, and the fact that they may be used by the most feeble invalid without any unpleasant symptoms.

To those residing out of the city, Dr. Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars, and describing symptoms.

A cure is warranted in all stages of Consumption, Bronchitis, Asthma, and all other affections of the Throat, Lungs and Air Passages. In case of failure, the money will be returned.

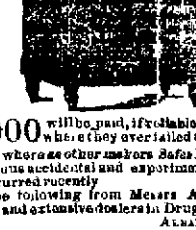
FireKing Safe, again Triumphant.



$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuables from Fire, whereas other makers Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.

ALBANY, July 27, 1853

This is to certify, that on the 23d day of July, 1853, our entire stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and so fierce was the fire that we were unable to close one safe until Mr. Robinson subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which ruined us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

A. McCLURE & CO

ALBANY, Dec 19, 1852

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 16th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved, not a leaf of my books being scorched.

Davidson's Fire King (No. 4 Single flange), that on the 14th of November past it was subjected to a very severe test in the burning of our warehouse, in which was stored a large quantity of whisky and other combustible materials. PATENT MEDICINES.

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence.

The People Themselves

have long since adopted it as the only external remedy they can rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep sores and frightful sores are healed,
The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment.

is the spontaneous advice of all.

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown—thus performing a double office.

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammations, it is unrivaled in the power and efficacy of its operations.

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure.

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days, and the worst cases can be cured in a few weeks at the farthest. Persons afflicted with these diseases should be careful in getting the right article to cure them.

Use it upon Your Horses,

for spavin, splint, ring bone, fistula, wind galls, big heads, bruises, strains, sprains, galls, scratches, cracked heels, sweeney, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll evil, &c.

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate to its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.

THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the
Mexican Mustang Liniment.

The small size retail for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small,
The large holds nearly three times as much as the medium.

Therefore the largest bottles are the cheapest.

GEO. W. WESTBROOK

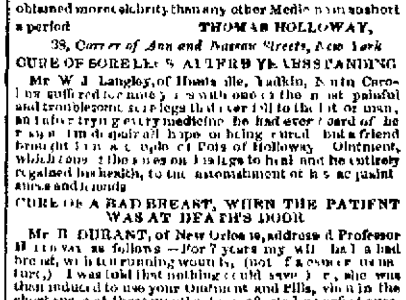
(successor to A. G. Bragg & Co.,)

Originator and Sole Proprietor.

Principal Offices, 304 Broadway, New York, and corner of Third and Market Sts. St. Louis, Mo.

THE MUSTANG LINIMENT is sold at all of the Drug Stores in Milwaukee, and by storekeepers and druggists generally all over the state of Wisconsin. Principal Wholesale Agents in Milwaukee—Lake & Hopkins, Seth Johnson, Jr., Bosworth & Son, H. Foss, Jr. and A. F. Clark. d 28 dwtf

A CURE FOR ALL!!



HOLLOWAY'S OINTMENT.

Citizens of the Union.—

You have done me the honor [illegible] with one voice, from one end of the Union to the other to stamp the character of my Ointment with your approbation. It is scarcely two years since I made it known among you, and already, it has obtained more celebrity than any other Medicine in so short a period. THOMAS HOLLOWAY,

38, *Corner of Ann and Nassau Streets, New York*

CURE OF SORE LEGS AFTER 5 YEARS STANDING.

Mr. W. J. Langley, of Huntsville, Yadkin, North Carolina, suffered for many years with one of the most painful and troublesome sore legs that ever fell to the lot of man, and after trying every medicine he had ever heard of he began to despair of all hope of being cured, but a friend brought him a couple of Pots of Holloway's Ointment, which caused the sores on his legs to heal and he entirely regained his health, to the astonishment of his acquaintances and friends.

CURE OF A BAD BREAST, WHEN THE PATIENT WAS AT DEATH'S DOOR.

Mr. B. DURANT, of New Orleans, addressed Professor Holloway as follows:—For 7 years my wife has had a bad breast, with ten running wounds, (not [illegible]) I was told that nothing could save her, she was then induced to use your Ointment and Pills, which in the short space of three months, has effected a perfect cure, to the astonishment of all who knew us. We obtained your Medicines from Messrs. Wright & Co., of Chartres st., New Orleans. I send this from "Hotel des Princes," Paris, although I had written it at New Orleans, before we finally left, but knowing your address at New York.

Nov 9th 1853 (Signed) B. DURANT.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs	Contracted and	Lumbago	Sore throat
Bad Breasts	Stiff Joints	Piles	Skin diseases
Burns	Fistulas	Rheumatism	Scurvy
Bunions	Gout	Salt Rheum	Sore heads
Chilblains	Glandular	Scalds	Ulcers
Chapped hands	swellings	Sore nipples	Wounds

*** Sold at the establishment of Professor HOLLOWAY, 38, Corner of Ann and Nassau Streets, New York, also by all respectable Druggists and Dealers in Medicines throughout the United States, in Pots, at 37½ cents, 87 cents, and $1 50 cents each. To be had Wholesale of the principal Drug Houses in the Union.

There is a considerable saving by taking the larger sizes.

PATENT MEDICINES

MEDICATED INHALATION

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man.—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. (See certificates in hands of Agents.)

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20th, 1853

For about eight years I have been severely afflicted with the Asthma, for the last two years I have suffered beyond all my powers of description, months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec 27th, 1853

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD

Sold by BOYD & PAUL, No. 40 Cortlandt street; C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person inclosing $3 to Boyd & Paul, or Custer & Perkins, New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States, or four packages for $10. feb3 1yd&w

MEDICATED INHALATION!

CONSUMPTION CAN BE CURED, AS TREATED BY

DR. E. N. TRIST,

WITH HIS CELEBRATED

HYGEN & OXYGENIC VAPOR!

DR TRIST, Graduate of the Royal College of Surgeons in London, and the recipient of diplomas from the Lying Institution of Edinburgh, and Hotel des Invalides of Paris, having settled permanently in New York for the practice of his profession, begs leave to suggest to the citizens of the United States that several years of study and successful experiments in England and Scotland, as well as other parts of Europe, with Consumption in all its forms, enable him to warrant, not only relief, but a complete cure to all those suffering with this great national disease.

Dr. TRIST deems it unprofessional to advertise, but others having represented themselves as the originators of the Inhalation Treatment, he would say to the afflicted that he alone is entitled to its first introduction, and would caution all against using the useless and dangerous compounds advertised by incompetent persons.

"Take up thy bed and walk."

Dr. TRIST would say to those interested, that he has had manufactured, for the use of his patrons, his "Patent Inhaling Tubes," through which the vapor is conveyed to the parts affected, and which he earnestly commends for the cheering results which have attended their use, and the fact that they may be used by the most feeble invalid without any unpleasant symptoms.

To those residing out of the city, Dr. Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars, and describing symptoms.

A cure is warranted in all stages of Consumption, Bronchitis, Asthma, and all other affections of the Throat, Lungs, and Air Passages. In case of failure, the money will be returned.

Address (post paid) DR. E. N. TRIST, 63 Grand st., New York City. dec21 dimar1 55

HIGHLY IMPORTANT ANNOUNCEMENT.

To the Afflicted Everywhere,

DR. A. L. ADAMS' LIVER BALSAM COMES GREETING!

DR. A. L. ADAMS' NEW CURE FOR DISEASE is awakening the inquiry in the minds of all who read it. How is it that Americans have been so long and so lavishly humbugged in darkness and ignorance on the subject of disease.

DR. A. A. ADAMS' LIVER BALSAM.

The great Panacea of Disease is offered to the afflicted of the States and Territories for the entire cure of Liver Complaints in all stages, Bilious Fever, Ague and Fever, Chronic Lung Fever, Dropsical Affections, Coughs, Consumption, Asthma, Jaundice, Bowel Complaints, Diarrhoea, Dysentery, Rheumatism, Piles, Scrofula, Salt Rheum, Dyspepsia, General Debility, Nervousness, Costiveness, Indigestion, Female Complaints, &c.

Dr. A. L. Adams' Liver Balsam now sustains the highest reputation of any remedy before the public and has proved to the most skeptical, beyond a shadow or doubt that it is the only reliable medicine ever discovered! (being purely vegetable) for the permanent cure of the above disease. The most skeptical have become its most sanguine votaries, and pronounce the Liver Balsam to be the only reliable harbinger of health to the afflicted every where.

Testimonials come up from every track it has made, swollen with expressions of gratitude for the relief received by its use. And, in submitting this, the Liver Balsam is recommended to those suffering under the iron grasp of the monster disease, and at once procure one bottle of Dr. A. L. Adams' Liver Balsam.

The reader's attention is called to the perusal of the Medical Circular, which can be obtained of every agent throughout the United States, giving a clear epitome of the causes and cure of disease, also, of certificates of those who have tested its unparalleled ascendency over the diseases to which we are all subject.

C. E. Scott, General Agent, No. 67 Randolph st., Chicago, Ill., to whom all orders must be addressed to receive prompt attention. Sold by A. F. CLARK, Agent.

FireKing Safe, again Triumphant.

$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuable from Fire, where as other makers Safes have proved worthless in various accidental and experimental tests, some of which occurred recently

Read the following from Messrs. A. McClure & Co wholesale and extensive dealers in Drugs, Medicines, &c.

ALBANY, July 27, 1852

This is to certify, that on the 23d day of July, 1852, our entire stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and so severe was the fire that we were unable to close one safe until Mr. Robinson subsequently entered at the peril of his life and closed the doors

After forcing the safe open after all this exposure and fire, which much to us so careful for the safety of its contents, its valuables were found uninjured

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced

A. McCLURE & CO
ALBANY, Dec. 19, 1852

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved—not a leaf of my books being scorched

P. J. CLAASSEN,
Importer of Wines, Cigars, &c., Broadway, Albany

After an examination of P. J. Claassen's Safe and papers, we are convinced of the superiority of Davidson's Safes over all others

PATENT MEDICINES.

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence

The People Themselves

have long since adopted it as the only external remedy they can safely rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep sores and frightful sores are healed,
The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment.

is the spontaneous advice of all

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown—thus performing a double office

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammations, it is unrivaled in the power and efficacy of its operations

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure.

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days, and the worst cases can be cured in a few weeks and the farthest. Persons afflicted with these diseases should be careful in getting the right article to cure them

Use it upon Your Horses,

for spavin, splint, ring bone, fistula, wind galls, big heads, bruises, strains, sprains, bites, scratches, cracked heels, sweeney, saddle, collar, or harness galls, hard lumps or tumors, film of other diseases of the eye, poll evil, &c.

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparation of the kind, and have all given their certificates in its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial

THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the

Mexican Mustang Liniment.

The small size retail for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small
The large holds nearly three times as much as the medium,
Therefore the largest bottles are the cheapest.

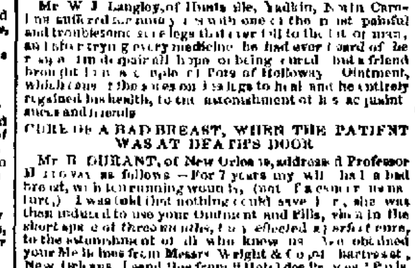
A CURE FOR ALL!!



HOLLOWAY'S OINTMENT.

Citizens of the Union—

You have done me the honor, with one voice, from one end of the Union to the other, to stamp the character of my Ointment with your approbation. It is scarcely two years since I made it known among you, and already, it has obtained more celebrity than any other Medicine in so short a period. THOMAS HOLLOWAY,

CURE OF SORE LEGS AFTER 9 YEARS STANDING

Mr. W. J. Langley, of Huntsville, Yadkin, North Carolina suffered for many years with one of the most painful and troublesome sore legs that ever fell to the lot of man, and after trying every medicine he had ever heard of he was about in despair of all hope of being cured, but a friend brought him a couple of Pots of Holloway's Ointment, which caused the sores on his legs to heal and he entirely regained his health, to the astonishment of his acquaintances and friends

CURE OF A BAD BREAST, WHEN THE PATIENT WAS AT DEATH'S DOOR

Mr. B. DURANT, of New Orleans, addressed Professor Holloway as follows—For 7 years my wife had a bad breast, with ten running wounds, (not a cancer in nature,) I was told that nothing could save her; she was then induced to use your Ointment and Pills, which in the short space of three months, has effected a perfect cure, to the astonishment of all who knew us. We obtained your Medicines from Messrs Wright & Co. of Chartres st., New Orleans. I send this from "Hotel des Princes," Paris, although I had written it at New Orleans, before we finally left, not knowing your address at New York.

Nov 9th 1854 (Signed) B. DURANT

The Pills should be used conjointly with the Ointment in most of the following cases —

Bad Legs	Contracted and	Lumbago	Sore throat
Bad Breasts	Stiff Joints	Piles	Skin diseases
Burns	Fistulas	Rheumatism	Scurvy
Bunions	Gout	Salt Rheum	Sore heads

PATENT MEDICINES

MEDICATED INHALATION
A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession (See certificates in hands of Agents.)

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 30th, 1853

For about eight years I have been severely afflicted with the Asthma, for the last two years I have suffered beyond all my powers of description, months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

NEW YORK, Dec 27th, 1853

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD

Sold by BOYD & PAUL, No. 40 Cortlandt street; C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person inclosing $3 to BOYD & PAUL, or Curtis & Perkins, New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United states, or four packages for $10. feb1 1yd&w

MEDICATED INHALATION!

CONSUMPTION CAN BE CURED, AS TREATED BY
DR. E. N. TRIST,
WITH HIS CELEBRATED
HYGEN & OXYGENIC VAPOR!

DR. TRIST, Graduate of the Royal College of Surgeons in London, and the recipient of diplomas from the Lung Institution of Edinburgh, and Hotel des Invalides of Paris, having settled permanently in New York for the practice of his profession, begs leave to suggest to the citizens of the United States that several years of study and successful experiments in England and Scotland, as well as other parts of Europe, with Consumption in all its forms, enable him to warrant, not only relief, but a complete cure to all those suffering with this great national disease

Dr. TRIST deems it unprofessional to advertise, but others having represented themselves as the originators of the Inhalation Treatment, he would say to the afflicted that he alone is entitled to its first introduction, and would caution all against using the useless and dangerous compounds advertised by incompetent persons

"Take up thy bed and walk."

Dr. TRIST would say to those interested, that he has had manufactured, for the use of his patrons, his "Patent Inhaling Tubes," through which the vapor is conveyed to the parts affected, and which he earnestly commends for the cheering results which have attended their use, and the fact that they may be used by the most feeble invalid without any unpleasant symptoms

To those residing out of the city, Dr. Trist will forward one of the Inhaling Tubes, together with a package of the Vapor, sufficient to last for three months, accompanied with ample directions for use, on receipt of a letter containing Ten Dollars, and describing symptoms

A cure is warranted in all stages of Consumption, Bronchitis, Asthma, and all other affections of the Throat, Lungs, and Air Passages. In case of failure, the money will be returned
